[POLITICAL.]

VICTORY SHOWS UP AT EARLY HOUR.

Pivotal State of New York Was the First to Come In Strong for McKinley and Prosperity.

[BY THE NEW ASSOCIATED PRESS—P.M.]

NEW YORK, Nov. 7, 1:30 a. m.—It became evident at a very early hour last evening that the election of McKinley and Roosevelt was assured. At 8 o'clock returns from nearly two-thirds of the election districts of Greater New York had been received, indicating beyond question that Bryan and Stevenson could not expect more than 25,000 or 30,000 plurality in this Democratic stronghold, aud unless there was a landslide in the outside counties beyond all reasonable expectation, the pivotal State of New York had declared in unmistakable terms, although by a greatly reduced majority, for the Republican candidates. As the night progressed, it only served to confirm this judgment, and the returns from Illinois revealed a like condition. The Republican plurality of 1896 was greatly reduced, but it was still far too large to be overcome.

On the other hand, the returns from Indiana, Michigan, the two Dakotas, Utah and Wyoming, as well as Nebraska, seemed to indicate strong Republican gains over 1896. Delaware, Maryland and West Virginia had given decided Republican pluralities. The count in several of the Far Western States was naturally so delayed as to give little indication of the opinion there, but they had ceased to have a determining effect, and before 10 o'clock, the Democratic leaders had given up the contest, and it was announced that Bryan had gone to bed and was sound asleep.

The whole story was easily and briefly told. The Republican ticket would have a larger electoral vote than four years ago, but in the larger States of the East and Middle West the pluralities of 1896 had been greatly reduced. Massachusetts had fallen from 174,000 to 80,000; New York from 268,000 to 135,000, and Illinois from 142,000 to 100,000 or less.

At 1:30 o'clock the roll call of States is apparently as follows:

For McKinley—California, 9; Connecticut, 6; Delaware, 3; Illinois, 24; Indiana, 15; Iowa, 13; Maine, 6; Maryland, 8; Massachusetts, 15; Michigan, 14; Minnesota, 9; New Hampshire, 4; New Jersey, 10; New York, 36; North Dakota, 3; Ohio, 23; Oregon, 4; Pennsylvania, 32; Rhode Island, 4; Vermont, 4; West Virginia, 6; Washington, 4; Wisconsin, 12; Wyoming, 3. Total, 267.

For Bryan—Alabama, 11; Arkansas, 8; Colorado, 4; Florida, 4; Georgia, 13; Louisiana, 8 Mississippi, 9; Missouri, 17; Montana, 3; Nevada, 3; North Carolina, 11; South Carolina, 9; Tennessee, 12; Texas, 15; Utah, 3; Virginia, 12; total, 142.

Unreported—Idaho, 3; Kansas, 10; Kentucky, 13; Nebraska, 8; South Dakota, 4; total, 38.

If all the unreported States should turn out as Democratic, a highly improbable contingency, it would not change the result. The latest returns from Nebraska indicate a Republican plurality.

The Fifty-seventh Congress seems to be Republican by a substantial working majority.

NEXT HOUSE REPUBLICAN.

Chairman Babcock Thinks His Estimates Will Be Exceeded.

[NEW ASSOCIATED PRESS—P.M.]

CHICAGO, Nov. 6.—At 11:15 o'clock tonight, Chairman Babcock of the Republican Congressional Committee said that reports received up to that time pointed to an increase of his estimate of 187 Republican members of the House. Dispatches from the country districts had not come in to any exient, he said, but those received showed gains.

A DIFFERENT ESTIMATE.

[NEW ASSOCIATED PRESS—P.M.]

CHICAGO, Nov. 6.—Returns received from 180 of the 360 Congress districts show that the Democrats have elected 97 and the Republicans 83 members of the next House.

THE JOURNAL'S CLAIM.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Nov. 6.—[Exclusive Dispatch.] The Journal claims the lower House of Congress as follows: 185 Democrats, 161 Republicans, 7 Independents.

The gubernatorial tickets have apparently followed the national, and Odell is elected in New York and Yates in Illinois.

HANNA AT CANTON.

[BY THE NEW ASSOCIATED PRESS—P.M.]

CANTON (O.) Nov. 6.—Senator Hanna, accompanied by his brother, and Myron Herrick of Cleveland, arrived here at 3 o'clock, and were driven to the McKinley residence. Senator Hanna said the advices were too meager at that time to warrant any statement. The party dined with the President.

Over 2000 votes here more than one-fourth of the total, were cast by 8 o'clock.

NEW YORK—36 VOTES.

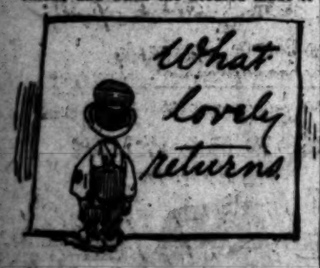
QUIET ELECTION GIVES 150,000 MAJORITY FOR M'KINLEY.

[BY THE NEW ASSOCIATED PRESS—P.M.]

NEW YORK, Nov. 6.—At 11 o'clock, the indications are that President McKinley has carried New York State by a majority over Bryan of about 150,000, compared with a Republican majority in the last Presidential election of 268,495. The total vote in the city of New York is approximately 60,000 larger than it was in 1896, and up the State, the increase is about 30,000. In the city Bryan wipes out the plurality of 52,000 which McKinley had four years ago, and took on a plurality for himself of about 25,000. Up the State McKinley barely held the vote which he had in 1896, the added vote going to Bryan.

The vote for B. B. O'Dell, Jr., Republican nominee for Governor, is considerably larger than that for McKinley. In Brooklyn, particularly, the Democratic nominee for Governor, Stanchfield, appears to have been scratched. The election passed off quietly both in the city and State.

There were no more than the usual number of arrests of men accused of attempting illegal voting at city precincts, and when the accused made it



clear, that they were innocent, they were allowed to return to polling places and vote.

Returns from Congress districts are scattering and incomplete. On Long Island, McKinley and Bryan are running so close together that all estimates are valueless.

In the Wall street district, which includes the borough of Richmond, Staten Island, Nicholas Muller (Dem.) is probably elected. The Republicans concede the election of William Sulzer (Dem.) and that John S. Hill (Dem.) has been beaten by William H. Douglass (Rep.) in the district now represented by William Astor Chanler.

Amos J. Cummings and George B. McClellan, both Democratic members of the present House, have undoubtedly been re-elected. Interest centers in the canvass of C. M. F. Belmont in the Thirteenth District, and at 11 o'clock he was several hundred votes ahead of his rival, William R. Willcox.

THE PRESIDENT'S PLURALITY LARGE—GAINS FOR CONGRESS.

[BY THE NEW ASSOCIATED PRESS—P.M.]

COLUMBUS, (O.,) Nov. 6.—Republican State Chairman Dick, has given out the following statement:

"Returns received up to this hour, 11 p.m., justify claims that Ohio has given McKinley a plurality of from 75,-000 to 80,000, and the election of seventeen and possibly eighteen out of the twenty-one Congressmen, being a gain of two and probably three members of Congress."

VOTE EXCEEDS EXPECTATION.

[BY THE NEW ASSOCIATED PRESS—P.M.]

COLUMBUS (O.,) Reports from different parts of Ohio indicate that the vote was the largest ever cast, larger than either State Committee expected, with McKinley gaining in rural districts and holding his own in the cities.

NO MATERIAL CHANGE.

[BY THE NEW ASSOCIATED PRESS—P.M.]

COLUMBUS, Nov. 6.—Out of 900 precincts in Ohio, the State Committee has heard at 10 o'clock from less than 200 precincts, and from every few county committeemen, indicating no material change in the vote of 1896, when McKinley had a plurality of 51,336.

CLEVELAND IS CLOSE.

[BY THE NEW ASSOCIATED PRESS—P.M.]

CLEVELAND (O.,) Nov. 6.—Returns from about forty precincts out of 132 in Cleveland show average Democratic gains of about twenty to the precinct. This indicates the city will be very close. Four years ago it gave McKinley a plurality of 3500.

CINCINNATI PLURALITY.

[BY THE NEW ASSOCIATED PRESS—P.M.]

CINCINNATI, Nov. 6.—From nearly complete returns McKinley's plurality in Cincinnati is placed at 15,000.

CINCINNATI PRECINCTS.

[BY THE NEW ASSOCIATED PRESS—P.M.]

CINCINNATI, Nov. 6.—Seventy precincts out of 304 in Cincinnati show Bryan gains of 800, but indicate McKinley's plurality in the county about 17,000 or 18,000.

TWENTY-SIXTH PRESIDENT-ELECT OF THE UNITED STATES.

city of Columbus show net gains for Congressman Lents (Dem.) of 45.

MARYLAND—8 VOTES.

THE REPUBLICANS WIN BY ABOUT 10,000.

[BY THE NEW ASSOCIATED PRESS—P.M.]

BALTIMORE (Md.,) Nov. 6.—President McKinley has carried Maryland beyond the shadow of a doubt, the only question to be settled being the size of his majority. With practically complete returns from the city, he has a majority here of about 6500, while from the State scattering returns indicate an additional surplus of 3500, making his total majority in the State about 10,000. There is no reason to believe the final figures will vary greatly from those given above.

Chairman Van Diver of the Democratic State Committee admits Bryan's defeat in the State, while Chairman Goldsborough of the Republican Committee, says that McKinley's majority will reach 14,000 at least. It is also certain that the Republicans have elected four of the six Congressmen, while the remaining two will probably

be Democratic, although later returns may change this outlook.

TWENTY MARYLAND PRECINCTS.

[BY THE NEW ASSOCIATED PRESS—P.M.]

BALTIMORE, Nov. 6.—Twenty out of 304 precincts in Maryland outside of Baltimore give McKinley 2901, Bryan 2535.

BIG GAINS FOR M'KINLEY.

[BY THE NEW ASSOCIATED PRESS—P.M.]

BALTIMORE, Nov. 6.—McKinley continues to make unexpectedly large gains in Baltimore. With but six precincts missing, the vote is: Bryan, 49,-846; McKinley, 54,870, indicating a plurality for McKinley of about 7200. His majority in the State will reach 11,000.

DEMOCRATS CONCEDE STATE.

[BY THE NEW ASSOCIATED PRESS—P.M.]

BALTIMORE, Nov. 6.—Murray Van Diver, chairman of the Democratic State Central Committee, concedes Maryland to McKinley.

Forty-four election districts in Baltimore out of 304 give Bryan 7101; McKinley, 7855. Net Republican gain indicated a probable majority in Baltimore of 3000 for McKinley.

VANDERVER GIVES IT UP.

[BY DIRECT WIRE TO THE TIMES.]

BALTIMORE, Nov. 6.—Murray Vanderver, chairman of the Democratic State Committee, concedes Maryland to McKinley.

DELAWARE—3 VOTES.

NEWCASTLE COUNTY GIVES REPUBLICAN VICTORY.

[BY THE NEW ASSOCIATED PRESS—P.M.]

WILMINGTON, Nov. 6.—Returns received up to 9:30 o'clock indicate a Republican majority in Newcastle county of 2000 to 2500. This gives the State to the Republicans by 1200 to 1500. The Legislature probably is Democratic.

TWO REPUBLICAN DISTRICTS.

[BY THE NEW ASSOCIATED PRESS—P.M.]

WILMINGTON, Nov. 6.—Hoffecker (Rep.) for the short term and Ball (Rep.) for the full term are elected to Congress in Delaware by 1200 to 1500 majority.

NEW JERSEY—10 VOTES.

[BY THE NEW ASSOCIATED PRESS—P.M.]

TRENTON (N. J.,) Nov. 6.—Fuller returns bear out the first statement that New Jersey will give McKinley and Roosevelt 50,000 plurality.

The Democrats have succeeded in carrying only four of the twenty-one counties. They have made a net loss of three members in the upper house of the Legislature. The new Senate will stand 16 Republicans to 4 Democrats, and the House will contain 44 Republicans and 15 Democrats, the same as last year.

BY MORE THAN 50,000.

[BY THE NEW ASSOCIATED PRESS—P.M.]

TRENTON, Nov. 6.—Incomplete returns from different parts of the State indicate that New Jersey has been carried for McKinley by more than 50,-000. The Republicans elect six of the eight Congressmen, the same representation as last year, and will have an overwhelming majority in both houses of the Legislature, insuring the election of a Republican to succeed William J. Sewall (Rep.) as United States Senator.

BY FIVE THOUSAND.

[BY DIRECT WIRE TO THE TIMES.]

PATERSON, Nov. 6.—[Exclusive Dispatch.] Incomplete returns would indicate that New Jersey has gone for McKinley by more than 5000. The Republicans elect six out of eight Congressmen and will have an overwhelming majority in both houses.

FIFTY THOUSAND.

[BY DIRECT WIRE TO THE TIMES.]

TRENTON, Nov. 6.—[Exclusive Dispatch.] At midnight fuller returns bear out the statement that New Jersey gives McKinley 50,000 plurality. The Senate will stand 16 Republicans, 4 Democrats

found about a hundred negroes assembled in line waiting to vote. As the doors opened they saw a white man, James McHugh, who had gotten in ahead of them, attempting to vote. This infuriated them, and, rushing in, they assaulted McHugh and the inspector, James Dugan, cutting both seriously. Policeman Sheery was also cut in attempting to restore order. The negroes destroyed the booth and the registration books and disappeared in the melee. Elsewhere the election was quiet in the city.

At 2 o'clock the polls in the second precinct were reopened under an agreement by which Democrat and Republican lawyers were elected as arbiters to arrange all challengers. Two long lines of voters were in waiting and voting proceeded quietly. A large force of police was on hand.

CHICAGO, Nov. 6.—At 11 o'clock p.m., Chairman Rowe of the Republican State Central Committee gave out the following statement: "I see no reason at this hour to change the figures which the State Central Committee issued before the election. McKinley has carried the State by 80,000 outside of Cook county. In Cook county, the indications are that both McKinley and Yates will have a majority, with McKinley in the lead by about 15,000. I estimate his plurality in Cook county at 25,000."

Chairman Watson of the Democratic Central Committee refused to concede the State to McKinley, and claimed that Alschuler, Democratic candidate for Governor, had carried the State by a small plurality.

From returns received by him, Chairman Watson also claimed the Democrats would have a working majority in the lower house of the Legislature.

Judge Yates, who was at Republican State headquarters all evening, claimed his election as Governor by a substantial majority.

BRYAN'S PLURALITY ABOUT 30,000—STATE TICKET FUSION.

[BY THE NEW ASSOCIATED PRESS—P.M.]

DENVER, Nov. 6.—Returns received up to 11 o'clock indicate that Colorado has given Bryan at least 30,000 plurality. The Fusion State ticket is probably elected by half that plurality, and it appears that the fusionists will have a majority of the Legislature. Many counties have not been heard from, others have only estimates and none have given full returns.

A hard fight has been made by the Republicans all over the State on legislative tickets in the interest of Senator Wolcott, who is a candidate for reelection, and it is possible that Republican Representatives have been elected

in some counties which went for Bryan.

There is little doubt that Congressman John C. Bell is reelected in the Second District, and it is believed that John F. Shafroth is reelected in the First, but this cannot be said positively.

FATAL RIOTING BREAKS OUT AT DENVER.

[BY THE NEW ASSOCIATED PRESS—A.M.]

DENVER, Nov. 6.—The weather was fine, and the vote was the heaviest ever cast in Colorado.

Before a ballot was cast in Denver today, the trouble between the police department and the Sheriff's office, which had been predicted, had begun, and one man dead and five seriously wounded was the result. Fifteen hundred special policemen had been sworn in for the day and about 1600 special deputies. At 7 o'clock Special Policemen Charles F. Carpenter and Green were sent to Twenty-second and Larimer streets to supervise the opening of the polls in District H, Precinct 4. Several special deputies were present. Orders had been issued by the fire and police board to refuse to recognise the authority of the deputies, and arrest any who in any way interfered with the police. Under these instructions Officer Carpenter ordered the deputies to retire to 100 feet from the polls. Hampson Jackson, colored, resisted and drawing a revolver began shooting. One bullet struck Carpenter's arm and a second his foot. Policeman Green came to the rescue of his companion, striking Jackson on the head and arm, fracturing his skull and breaking his arm. The blow broke the heavy oak club the officer carried.

Shooting by the deputies became general, while the special police who were armed only with clubs, were at a disadvantage. At this moment City Detective Ed Carbery ran up and opened fire with his revolver, killing Deputy Sheriff Charles Allen, colored, with the first shot. A score of shots were fired by the deputies and Detective Carbery and Deputies Stewart Harvey and Richard Hardman, both colored, were shot, the former in the right shoulder and the latter in the left arm. It is not known whose bullets wounded them. Special Policeman Green was shot in the back. None of these are fatally wounded.

Allen, the man killed, is said by the police to have a very unsavory record, having served time in the penitentiary. He is said to have killed a man some time ago.

FEELING INTENSE.

The feeling created by the affair of this morning is intense. Yesterday Judge Hallett, of the United States District Court issued an order forbidding the United States Marshal to appoint any deputy marshals to serve at the polls, but the charge is made by the Police Department that a large number of deputy sheriffs were sworn in and armed at his office.

Said Police Commissioner Robert: "Four hundred negroes, many of them with long records for desperate deeds, were sworn in as deputy sheriffs in the office of United States Marshal Bailey, in the Federal Building and given badges and pistols. The special officers appointed by our board were unarmed except with clubs and ordered not to use violence except in extreme cases."

The trouble is an outgrowth of the bitter campaign in Denver and the State, which involves not only the national and State tickets, but the election of a United States Senator to succeed Senator Wolcott.

The police Department is controlled by the Democrats and Sheriff Robert Jones, who was elected as a Democrat, but who is said now to favor the Republicans, at the request of the Honest Election League (composed, it is charged, exclusively of Republicans) issued a very large number of deputy sheriff commissions to men named by the League.

Yesterday the Board of County Commissioners, in disregard of an order of Judge Butler, of the District Court, revoked the commissions given by Sheriff Jones, and although the court promptly took action against the Commissioners for contempt, the Fire and Police Board, acting on the advice of leading attorneys, decided to disregard the authority of the deputies.

Gov. Thomas has ordered Troop C, Colorado Cavalry, to be in readiness to be called out and they are now at the armory.

Two special policemen and a special deputy fired several shots into the Tenth avenue Hotel about noon because the proprietor refused to furnish them with drinks. No one was hurt. The officers were locked up.

Special policeman Stewart Harvey, who was shot in the neck in the riot this morning, died at the County Hospital this afternoon.

The dead:

CHARLES ALLEN, colored, special deputy sheriff.

STEWART HARVEY, colored, deputy sheriff, shot in the shoulder.

The injured:

CHARLES F. CARPENTER, policeman, shot in the leg and arm, dangerously hurt.

HAMPSON JACKSON, colored, special deputy sheriff, skull fractured and arm broken; may die.

CHARLES GREEN, special policeman, shot in the back seriously hurt.

RICHARD HARDMAN, colored, deputy sheriff, shot in the left arm.

SMITH'S REVISED FIGURES.

[BY THE NEW ASSOCIATED PRESS—P.M.]

DENVER, Nov. 6.—Milton Smith, chairman of the Democratic State Central Committee, at midnight made the following statement: "I am satisfied that Bryan has carried this State by from 40,000 to 50,000, and the Fusion State ticket will not run 5000 votes behind him. The Republicans have not elected more that 12 of 65 members of the Legislature. Congressman Shafroth has a majority of 12,000, and Bell, in the Second District, is elected by 25,000."

Chairman C. D. Ford of the Republican State Committee declined to make an estimate on the result in the State.

For Congress: First District, John F. Shafroth, Silver Republican, reelected; Second District, John C. Bell, Populist, reelected.

THE PRESIDENT GETS THE RETURNS.

[BY THE NEW ASSOCIATED PRESS—P.M.]

EXECUTIVE MANSION, Canton (O.,) Nov. 6.—President McKinley received the election returns tonight at his home, surrounded by a large number of his old friends and neighbors, including many ladies who came as the guests of Mrs. McKinley, to share with her the interest and excitement of this culminating event of the campaign.

Direct-wire connection connected the house with the Republican national headquarters in New York and Chicago, and with Senator Hanna at the Union Club at Cleveland, and with the home of Gov. Roosevelt at Oyster Bay, so that the President was in constant telegraphic touch with his associate on the ticket and with the campaign leaders. The President made his headquarters in his library, where most of the gentlemen guests congregated, while Mrs. McKinley entertained the ladies in the parlor. The President was in good humor, showing no signs of anxiety over the result.

The President in person read aloud some of the returns, but refrained from making any comment whatever on the result, and accepting with unruffled composure the favorable reports which began to come in at an early hour. Secretary Cortelyou read most of the dispatches, some of the more cheering announcements being heartily applauded by the guests. Most of the early advices were fragmentary and inconclusive, but the strong indications that New York and probably Illinois had gone Republican were received with great satisfaction.

At 9 o'clock the President received a dispatch from an enthusiastic individual that New York and Illinois carried the day for McKinley, and that he was re-elected. The responsible leaders made no early claims, although their dispatches told of gains at many points, and breathed the spirit of victory near at hand.

The President's first congratulations from headquarters came from J. H. Manley at New York, as follows:

"Praise God from whom all blessings flow. Your triumphant re-election is conceded by Democratic managers. I tender my earnest congratulations. We are very happy at headquarters."

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

[BY THE NEW ASSOCIATED PRESS—P.M.]

Little is heard from Congress districts, excepting the Second District, where Mercer (Rep.) is probably elected. The city of Omaha is showing gains for Bryan. The Legislature will, in all probability, be Republican. Several State districts usually very close have given a Republican plurality on the national ticket.

RENO, November 6.—Late returns throughout the State indicate that Bryan will carry the State by from 1200 to 1500, and that Newlands is reelected by a safe majority. Washoe county, which was supposed to be largely Republican, went Democratic, and from present indications the Republicans will not elect a man on the ticket. Up to this time about one-fourth of the vote has been counted.

NORTH DAKOTA—3 VOTES.

FOR M'KINLEY BY 10,000—MARSHALL ELECTED.

[BY THE NEW ASSOCIATED PRESS—P.M.]

FARGO (N. D.,) Nov. 6.—Chairman Kleinegen of the Democratic State Committee concedes the election of Republican electoral and State tickets with the possible exception of Attorney-General.

In 87 out of 120 precincts, McKinley received 2950 and Bryan 1650, against McKinley 2623, Bryan 1836 in 1896. This proportion of loss to the Democrats is being sustained by later reports.

Thomas Marshall (Rep.) is certainly elected Congressman over M. Hildreth.

Max Wippener, Democratic candidate for Governor, is running ahead of his ticket. The Republican committee claims McKinley's majority is 10,000.

LINCOLN, Nov. 6.—At 7 o'clock the people gathered at the Bryan household express their opinion that New York is lost to the Democratic ticket, and the general outlook on the returns received is not favorable. Bryan expresses no opinion.

RALEIGH, Nov. 6.—The election in North Carolina was very quiet. Returns indicate Bryan's majority will not be less than 30,000.

Seven Democratic Congressmen are elected, with two districts in doubt, the Eighth and Ninth. It is almost certain the Republicans have carried the Ninth.

Democratic State Chairman Simons is elected United States Senator to succeed Butler (Pop.) by 40,000 over his opponent, Gen. Carr.

REFUSAL OF NEGRO VOTES CAUSES A SMALL RIOT.

[BY THE NEW ASSOCIATED PRESS—A.M.]

PHILADELPHIA, Nov. 6.—The day began with ideal weather, which gave promise of continuing until the close of the polls.

At noon a small-sized riot broke out in the Fourteenth Division of the Fourth Ward, where Congressman McAleer resides. A number of negroes entered the polling place and attempted to vote. Their votes being refused, they drew revolvers and a number of shots were fired. Paddy McBride, a pugilist of some note, judge of the division, and said to be an adherent of Congressman McAleer, was badly injured about the head by being struck with a revolver, and W. Hugh McCloskey, another McAleer follower, was arrested.

Three of the negroes were arrested and locked up. In one division of the Fifth Ward, which is a part of this Congress District, the official ballots were stolen and had to be replaced by others from the County Commissioner's office.

[BY THE NEW ASSOCIATED PRESS—P.M.]

SIOUX CITY (S. SIOUX FALLS (S. SALT LAKE, Nov. 6.—Fifty-five precincts of Salt Lake City and county show a Republican gain of 2023 over Roberts's vote of 1898.

SALT LAKE, Nov. 6.—Forty precincts in Salt Lake City and county show a net Republican gain of 1550.

CHAIRMEN'S VIEWS DIFFER.

[BY THE NEW ASSOCIATED PRESS—P.M.]

SALT LAKE, Nov. 6.—At 11:20 o'clock tonight, McAllister, Republican chairman, said: "From present appearances Utah has gone Republican. We have not got returns sufficient to estimate the majority. Returns are coming in slowly."

Mr. Burton, chairman of the Democratic State Committee, says: "At this hour but meager returns have been received from over the State, but from the reports received Bryan will carry the State by a majority of 1000 or more. The Democratic State ticket is running ahead of the electoral ticket, and it looks as if the entire Democratic State ticket would be elected. King for Congress seems to be sure of reelection. The returns indicate a majority on the legislative ticket."

SALT LAKE PRECINCTS.

[BY THE NEW ASSOCIATED PRESS—P.M.]

SALT LAKE, Nov. 6.—Twenty-two precincts in Salt Lake City and county show a net Republican gain of 906. This is over one-quarter of the county vote. This gain, if maintained, would give the Republicans the county by 1500 majority. Roberts (Dem.) carried the county in 1896 by 1773 majority.

WISCONSIN—12 VOTES.

M'KINLEY CARRIES THE STATE BY LARGE PLURALITY.

[BY THE NEW ASSOCIATED PRESS—P.M.]

MILWAUKEE, Nov. 6.—Returns from Wisconsin up to 10 o'clock tonight, though comparatively few, show on their face, when compared with the vote of four years ago, that McKinley has carried the State by a large plurality, equal if not exceeding the figures of 1896, which were 102,612.

Robert M. La Follette, the Republican candidate for Governor, is running about even with the Presidential candidate, and is likewise sure of carrying the State. While few returns have been received from the Congress districts, these show the Republican candidates for Congress to be running equal with the McKinley electors, and the indications are that the Wisconsin delegation will be solidly Republican.

One hundred precincts outside of Milwaukee give McKinley 15,341, Bryan 8887. Fifteen precincts in Milwaukee give McKinley 5416, Bryan 3691. The same in 1896 gave McKinley 3515, Bryan 3368.

[BY THE NEW ASSOCIATED PRESS—A.M.]

NEW YORK, Nov. 6.—Gov. Roosevelt voted at his home in Oyster Bay about 10:30 o'clock. He said he did not anticipate any serious trouble in New York. He would be prepared, he said, to go to the city today if it should be necessary. Otherwise he would remain at his home, where he would receive the returns tonight.

SENATOR HANNA.

[BY THE NEW ASSOCIATED PRESS—A.M.]

CLEVELAND (O.,) Nov. 6.—Senator Hanna arrived this morning from Chicago, and was driven directly to his home. Subsequently he deposited his ballot. It required only a few seconds for the Senator to mark and fold his ballot, which was taken to mean that he had voted a straight ticket. Further than to state that he did not have a challenge of a doubt concerning the success of his party, the national chairman declined to discuss the probable result of the day's election.

At 11 o'clock Senator Hanna took a train for Canton, where he will be the guest of the President today.

THANKS HIS FRIENDS.

[BY THE NEW ASSOCIATED PRESS—P.M.]

CANTON (O.,) Nov. 6.—At midnight Canton was in a frenzy of enthusiasm which knew no bounds. The crowds which had been burning red fire down Market street marched to the McKinley residence with bands playing, rockets sending lurid streaks across the midnight sky and tumultuous cheers drowned even the din of horns and whistles.

The crowd was stilled for a time by one of the cheering news received, showing that State by 40,000; from Secretary Heath of the National Committee, saying Indiana gave McKinley 30,000 plurality; from the Iowa chairman saying Iowa's plurality was 60,000, and from the Union League Club, Chicago, giving the President glowing congratulations. But the crowd clamored for the President and he appeared waving his acknowledgment of the deafening cheers. He said:

"Fellow Citizens: I thank you for the very great compliment of this call at this excitement night, and at this late hour. Of the gratifying reports from all parts of the country, none has given me more sincere gratitude than those from my own city, and my very neighbors of Stark, and I appear now only to do as I have done on so many former occasions, to thank you once more for the warm and hearty endorsement which you have today given our party and me."

BRYAN VOTES AND TALKS.

Had to File a Certificate That He Had Not Been Registered.

[BY THE NEW ASSOCIATED PRESS—A.M.]

LINCOLN, Nov. 6.—Bryan cast his vote at 11:10 o'clock. The ceremony was witnessed by a half hundred residents congregated near the booth, and a dozen or more newspaper men followed Bryan. Before going to the voting place, Bryan repaired to the City Hall, where he filled out certificates stating that he had failed to register because of absence from the city.

The clerk at the City Hall who supplied him with a certificate also distributed to all who would receive them yellow badges bearing the inscription "I am a Republican," and he seemed quite as much occupied with one duty as the other. There was quite a procession from the City Hall to the voting place, consisting of citizens and newspaper men in carriages and a number of Bryan's neighbors on foot, who escorted him to the voting place. At the voting place a general handshaking took place. Two freeholders in the ward, one a Republican and the other a Democrat, volunteered to vouch for him, and they, as well as Bryan, were sworn as to the facts in the case.

The Presidential candidate was granted exemption by the judge of election, Rev. Mr. Ludding, a Lutheran minister of Republican proclivities. Bryan was required to give his place of residence, the State where he was born, also inform the officials as to how long he had lived in the precinct, county and the State. Having obtained the information, Rev. Luddin entered Bryan's name in accordance with the law of the State, whether he wished to vote the name of the party with which he is affiliated. To this Bryan quietly responded: "The Democratic party," and with a smile, he added, kindly feelings toward two others.

Bryan's ballot was No. 138. As he left the booth several cameras were brought into play, and the election officials crowded all present to receive autographs. As Bryan left the booth he was asked if he had cast a straight ticket, to which he replied: "The electoral candidates are those of mine." Bryan was escorted to his home, and there made a speech to the friends assembled. Standing on the front porch he said: "Fellow citizens, I want to thank you for the compliment you have shown not only during the campaign, but in the campaigns which have preceded it, and I feel that within eighteen hours we will be able to meet again and receive this victory. We opened the campaign at Kansas City by invoking the Declaration of Independence, written by Thomas Jefferson. I propose to close this campaign by reading an extract from a speech made by Abraham Lincoln, for, in this campaign we have been quoting the words of Lincoln and invoking his name as Lincoln, in his first campaign, quoted from the utterances of Jefferson and invoked his authority. Two countries have lost their liberties and ours may lose hers, but ours shall not, may it be my proudest boast that I was the last to desert her. I have never deserted her. I am glad that I think we shall succeed, but if we fail, be it so. We have the proud consolation of having done my conscience and to the full extent approved by our Judge, and adorned by our hearts, in no change, in torture, in danger, we never faltered in defending."

Bryan's address was received with cheers, and the party took their leave. Bryan remained a few hours with his friends.

BLOOMINGTON (Ill.,) Nov. 6.—Adlai E. Stevenson voted in precinct No. 1, City, at 7:30 this morning. He walked from his home to the booth in company with his son. There were very few people on the street, and his presence was almost unnoticed.

HANNA REVIEWS RETURNS.

[BY THE NEW ASSOCIATED PRESS—P.M.]

CANTON (O.,) Nov. 6.—After dinner with the President and going over a flood of dispatches, Senator Hanna said: "The advices from all sections say a large vote was polled early. There is no trouble. There is absolutely nothing on the surface that is unsatisfactory and I don't believe they report anything beneath the surface. A dispatch from Manley at New York is very encouraging, and a message from Payne at Chicago says Democrats are looking blue. Three of the large centers of Kentucky send word that all is quiet and hopeful."

BRYAN MUM AT HIS HOME.

Does Not Care to Talk Until Definite Results Are Obtained.

[BY THE NEW ASSOCIATED PRESS—P.M.]

LINCOLN (Neb.,) Nov. 6.—At 8:30 p.m. Bryan says he will make no statement until the result is definitely known.

GETTING THE RETURNS.

LINCOLN (Neb.,) Nov. 6.—Bryan received election returns at his residence in this city. His house was fairly overrun by newspaper men and telegraph operators. Not only was the first floor largely given up to them, but two of the rooms of the second-story also. Four telegraph wires ran to the house.

Bryan took his dinner at a little after 6 o'clock, and later spent a few minutes in conversation with the newspaper men.

The first bulletin was the one announcing that Poughkeepsie, N. Y., had given McKinley a majority of 1337, and this was quickly followed by another bulletin to the effect that Elmira had gone in Bryan's favor to the extent of 1722 majority. When shown this message he simply remarked that it was encouraging.

The other bulletins from New York came in thick and fast after that, and while Bryan made no comment, there was a feeling among those present that he was disappointed in the returns from New York City and Brooklyn. His reports up to the last concerning those cities had been encouraging, and his own observance had led him to believe that there would be a large increase in his vote, rather than a loss. On the other hand, there was considerable encouragement from the interior of New York State, and especially gratifying was a message from National Committeeman Mack, saying that Buffalo had given McKinley a majority of only 3000, against 12,000 four years ago.

Coming close upon the heels of the Buffalo dispatch was one from a friend in Boston announcing that that city had gone for Bryan by a majority of 7000, as against 17,000 for McKinley four years ago.

The early dispatches indicated the loss of Maryland, and this was also a disappointment, for it had been believed that that State was fairly safe for the Democratic ticket.

After receiving the earlier returns in his library, in the midst of his friends, Bryan retired to his private apartments, which were connected with the outside world by a special wire. Both he and Mrs. Bryan were in a cheerful mood, and a person unacquainted with the circumstances would never have dreamed that they were at this time the center of national interest.

BRYAN GOES TO SLEEP.

At 8 o'clock the newspaper men congregated at Bryan's house sought to secure a statement from Bryan. They were told that he had just gone to sleep and could not be disturbed. When he retired to his room, he glanced over the returns with apparent interest and then, expressing a desire to make up for some of the rest he had lost in the past few weeks, lay down and was fast asleep in less than five minutes. He had slept an hour in the afternoon, after which he went for a horseback ride to his farm. He did not, however, feel fully recuperated, and therefore sought additional rest, thus manifesting probably less concern than hundreds of thousands of his followers.

HE AWAKES.

[BY THE NEW ASSOCIATED PRESS—P.M.]

LINCOLN (Neb.,) Nov. 6.—At 11 o'clock Bryan awoke. He then told the newspaper correspondents that he would have no statement to make before tomorrow.

ADMIT HIS DEFEAT.

[BY THE NEW ASSOCIATED PRESS—P.M.]

LINCOLN (Neb.,) Nov. 6.—Bryan remained in his private apartments during the entire evening and slept the greater part of the time. He did not make his appearance in the parlor of his house, where the newspaper correspondents were congregated until 11 o'clock, and his coming at that time was for the purpose of notifying the press that he would have nothing to say for publication during the night. He added that he might possibly give out a statement tomorrow.

After this assurance the visitors to the house withdrew and soon afterward the lights were extinguished, and the house presented no signs of animation. Mrs. Bryan spent the evening entertaining her company, and gave no signs of fatigue or disappointment. The belief is quite general that Bryan will say tomorrow that he does not doubt the election for the second time of his rival, for while he has given no direct utterances of such concession, he indirectly admits tonight to friends that he does not hope for more than to reduce the Republican majority in some of the Eastern States.

LOUISIANA—8 VOTES.

DEMOCRATS' CONFIDENCE MADE THINGS GO SLOW.

[BY THE NEW ASSOCIATED PRESS—P.M.]

NEW ORLEANS, Nov. 6.—Election day opened in Louisiana with indications of showers in the western portion of the State and in New Orleans. The voting was slow, and there was apparently only half-hearted interest in the result, due to the belief among Democrats that Bryan and Stevenson and the Congressional ticket will make a clean sweep of the State.

HEADQUARTERS GETS RETURNS.

Early Vote in New York Heaviest Ever Known There. "Hopeful" Jones.

[BY THE NEW ASSOCIATED PRESS—A.M.]

NEW YORK, Nov. 6.—National Committeeman Manley at Republican headquarters today said that he had received information from many election districts in New York, and that the vote before 9 o'clock was the heaviest ever polled to that hour.

Gen. Francis V. Greene, in charge of the County Committee at Republican headquarters, said that he had reliable information that at 9:50 o'clock a.m. 50 per cent. of the vote had been cast in what is generally known as the Brownstone district.

PREDICTIONS OF VICTORY.

[BY THE NEW ASSOCIATED PRESS—A.M.]

NEW YORK, Nov. 6.—At 2 o'clock, ex-Gov. Stone said: "I have no reason to change my claim made some time ago and emphasized recently. I have no other information up to this hour than this, that we are getting out our full vote. I do not care to give figures. At this time it is useless."

At Republican national headquarters at 1:30 o'clock National Committeeman Manley said: "Three-fourths of the Republican vote in Greater New York is cast. We get similar advices from up the State. There has not been a single unfavorable word from anywhere received here. I am confident—more so than I have even been—that we shall have a great victory. I never before have known a national election in which some unfavorableness for the Republicans was not heard before noon on election day."

"HOPEFUL" JONES.

CONFIDENT BEFORE RETURNS.

[BY THE NEW ASSOCIATED PRESS—A.M.]

CHICAGO, Nov. 6.—One of the quietest places in Chicago this morning was Democratic national headquarters. Up to noon Senator James K. Jones and Vice-Chairman Johnson, who were the only officials at the offices, had received no advices whatsoever regarding the vote, either in this or other States. Senator Jones said: "I am just as confident as ever that Bryan will be elected and that there is a landslide on today. I expect the result to be known definitely before 9 o'clock tonight."

There was no activity at the national Republican headquarters. No officials were there and there were very few clerks. A dispatch was received from Sioux Falls, S. D., stating that 90 per cent. of the Republican vote would be cast before noon. The only other thing received was from Louisville reporting the theft of ballot boxes in Montgomery county and the changing of election officers in many counties by the State Election Commissioners.

NEW YORK, Nov. 6.—Mendel Jachim an aged merchant of Irvington street, dropped dead outside a voting booth today, just after having deposited his ballot. He suffered from dropsy.

"I don't know whether I shall live to vote again," he said, just as he left the place. A moment later he fell to the sidewalk prostrated.

LONDON, Nov. 6.—[By Atlantic Cable.] The election in the United States takes first place in the news columns of all the papers here today. The Stock Exchange houses anticipate much curbstone trading before the Stock Exchange opens tomorrow, a thing which seldom happens.

BY ALBERT S. BOLLES, LL.D.

IV.—THE LIABILITY OF CORPORATIONS.

CORPORATIONS have the same duty as individuals in selecting proper employés for the service required of them, safe places wherein to work, and proper appliances. The fact that this duty must be done by an agent—a president, manager, superintendent or other official—in no wise changes the duty or liability of the corporation itself. The rule has been well stated by Justice Gray of the Supreme Court of Massachusetts. "A corporation must, and a master who has an extensive business often does, perform this duty through officers or superintendents; but the duty is his and not merely theirs, and for negligence of his duty in this respect he is responsible. To hold otherwise would be to exempt a master who selected all his machinery and servants through agents or superintendents from all liability whatever to their fellow-servants, although he had been grossly negligent in the selection or keeping of proper persons and means for conducting his business. In the case of a corporation the president and directors, at least, cannot be deemed mere servants, but must be considered as representing the corporation itself."

COMPETENCY OF EMPLOYERS IS A QUESTION OF FACT.

Whether an employé is competent or not is a question of fact. Only in cases, therefore, when an injury has happened to a servant through the act of another can the question be answered whether the injured servant or the one who injured him was competent. Thus in one of the cases a servant on a street railway who was injured by the negligence of the motorman tried to show that the company had not exercised ordinary care in selecting him. Evidence was taken concerning his fitness and the court declared that the company had not been remiss in its duty.

A CORPORATION CANNOT SHIFT ITS RESPONSIBILITY.

Though this duty of selecting fit employés may be delegated or done by another for the employer, he cannot shift or escape his responsibility. If he could, the rule would soon cease to be of any worth. The agent, therefore, who thus acts for a corporation in selecting employés is not regarded as a fellow-servant of the employés. In one sense all are agents acting for a common master; in another sense they do not thus act. The hiring agent, so to speak, is not related to those hired by him as one of their own number, though in truth he is hired and paid, it may be, in the same manner as the others. Thus in Ford vs. Railroad, the Supreme Court of Massachusetts has remarked that "the agents" who are charged with the duty of supplying safe machinery are not, in a true sense of the rule, to be regarded as fellow-servants of those who are engaged in operating it. They are charged with a master's duty to his servant. They are employed in distinct and separate departments of service, and there is no difficulty in distinguishing them, even when the same person renders service by turns in each, as the convenience of the employer may require."

Consequently when a servant is employed by a corporation who proves to be unfit for the use made of him and injures another, the corporation cannot escape liability by saying that the act of hiring was not its own act, but that of another. A corporation must, indeed, act through another, but in the hiring of servants, furnishing them with appliances, safe places for work, etc., the corporation is regarded in law as acting directly, and therefore is responsible for the results. Such is the rule stated at an early day and has been often applied.

ITS RESPONSIBILITY FOR REPAIRS.

The rule had been in existence only a few years before the courts began to pare it down. While still clinging to the first part and holding corporations for the selection of fit employés, etc., they declared that they could relieve themselves from responsibility for keeping appliances in repair by appointing competent persons to do this duty. In the case of Johnson vs. Boston Towboat Company, the court said: "One employed in the care, supervision and keeping in ordinary repair of the means and appliances used in a business is engaged in a common service. Thus a person charged with the duty of keeping the track of a railway in repair; the chief engineer on a steam vessel, whose duty it was to see that the machinery was kept in order; an 'underlooker' in a mine, whose duty it was to examine the rock of the mine and prop it when dangerous; the general foreman and manager of extensive builders and contractors." Again, in the case of King vs. Boston and Worcester Railroad, Justice Fletcher said: "If a corporation itself should be held responsible to its servants that the road, when first used, was safe and sufficient, yet keeping the road in proper repair afterward would seem to be the work of servants and laborers as much as any other part of the business of the corporation." In harmony with this rule the persons in charge of a train upon a railroad were held to be fellow-servants with a laborer employed in repairing the road bed.

Although this point is of great practical importance, the reasoning of the court is not always clear; and expressions are added from time to time which leave the reader in doubt concerning what the rule is. Thus in the towboat case just mentioned the court remarked in its opinion that the company was under an obligation to its servants to use reasonable diligence to maintain in a suitable condition the appliances furnished for their use. "If the company exercised that diligence and provided suitable means for keeping its apparatus in proper condition and employed proper servants to see that the means were properly used, it had fulfilled its duty." The duty to provide suitable appliances, however, is a personal one, and liability for any neglect in performing it, as we have seen, cannot be evaded; and one might think from reading the above language that the same duty applied to the maintaining, repairing and renewal of appliances, when, in truth, in that State it does not.

THE COURTS DIFFER ON THIS QUESTION.

At this point, then, there is a partline of ways among the courts, some holding, like that of Massachusetts, that the duty to repair may be fulfilled by appointing competent servants and proper appliances, material, etc., for this purpose, other courts that this duty cannot be turned over to another and liability therefor be evaded any more than for furnishing suitable appliances, etc., in the first instance.

OPINION OF THE SUPREME COURT OF MAINE.

The opposite view has been expressed by the Supreme Court of Maine. Says Justice Danforth: "The same care requisite in hiring a servant in the first instance must still be exercised in continuing him in the service; otherwise the employer will become responsible for his want of care and skill. The employer will be equally liable for the acts of an incompetent or careless servant whom he continues in his employment after a knowledge of such incompetency or carelessness, or when in the exercise of due care he should have known it, as if he had been wanting in the same care in hiring." The court then adds that the same thing may be said of machinery. A servant has no more control of the repairs than of the machine, no more responsibility for one than for the other. He uses it and in so doing assumes the risk whatever it may be. This is implied in his contract of hiring. On the other hand his employer provides the means of carrying on the business and as a matter of course assumes the responsibility that his work shall be done with due care, and as the responsibility continues so long as the means are used, so must the same care be exercised in keeping the required means in the same safe condition as at first.

Such in effect is the reasoning of the Supreme Court of Maine, and very likely it will accord more perfectly with the opinion of our readers than the other view. As a corporation or other master must furnish competent servants, appliances, etc., in the beginning and is still responsible through whatever agent he may act, it would seem that the duty ought to be equally great to keep them in repair and to be holden for the conduct of those who act for him in this regard.

OPINION OF THE SUPREME COURT OF MICHIGAN.

In a more recent case in Michigan the Supreme Court remarked: "The rule may now be considered as settled in this State, as well as in most of the States, not only that a master is bound to use reasonable care in providing safe tools and appliances for the use of workmen in his employ, but that this is a duty which cannot be delegated to another, so as to relieve him from personal responsibility. . . . The rule adopted by the Federal courts and in most of the States, and which seems to us most in consonance with reason and humanity, is that those employed by the master to provide or to keep in repair the place or to supply the machinery and tools for labor, are engaged in a different employment from those who are to use the place or appliances, when provided, and they are not therefore as to each other fellow-servants." As they are not, of course the employer is liable in all cases of negligence in making repairs.

It will be seen, therefore, that the parting of the ways by the courts, the setting up of two rules, is made to turn on the question whether those who are employed in repairs are agents of the employer or co-servants or fellow-servants with the others. If they are agents, then the master is liable; if they are fellow-servants, then the rules applying to fellow-service apply to him and he escapes. It may be added that in the larger number of cases and States they are held to be agents and not fellow-servants, and the master is held liable for what they do.

The case of Davis vs. Central Vermont Railroad Company is one of more than ordinary interest. A fireman was killed by the washing out of a culvert. It was in an improper condition and this resulted from the negligence of the bridge builder and roadmaster. The company contended that the bridge builder, roadmaster and section boss were fellow-servants of the fireman and that their negligence could not be imputed to the road. In answering this defense the court asserted that if the master personally attempted to do that part of the work which he could not delegate to another and was negligent in doing it and injured its employés, the company was liable therefor. "The question is naturally suggested why should he not also be liable for the negligence of the agent or servant whom he has appointed to discharge the same duty in his stead although he has exercised due care to select a person competent and skillful. Is such an agent or servant while performing the duty cast by the relation upon the master, a fellow workman with the master's servant in the employment in such a sense that the latter cannot and ought not to recover of the master for the injuries sustained through the negligence of the former? If so, the master who performs his part of the duty as all corporations must, by agents and servants, secures an immunity from liability which the master who personally enters the service to manage and direct the performance of the work does not enjoy." The court held that the company could not thus shield itself behind others, the bridge builder and roadmaster were the agents of the company and not fellow-servants with the fireman, and consequently their conduct was that of the company's and it was responsible therefor. The opinion is one of the best judicial utterances on this subject that we have seen, and has been often cited in later cases.

CAPTURING A BEAR AND A BRIDE.

BY WILL S. GIDLEY.

IN THE first place, began Joe, I want to say that there never was a purtier gal in Pike county than Matilda Miggins, an' no worse old crank than her father. Well, I s'pose I kin overlook his failin's now that I'm a member of the fam'ly, but it looked one spell as though I never would be, and then is when I discovered his crankiness—hull streaks of it, with mighty little fillin' in between.

When I asked him if I might wait on his daughter Matilda with the prospect of marrying her in time, he grunted once or twice to himself an' then said sarcastic-like:

"Ye kin—pervided I don't ketch ye at it!"

This was a back-hander an' sorter staggered me for a minute, but when I come to ag'in I spoke up an' sez:

"What objections have ye ag'inst me as a suitor fer yer daughter's hand, Mr. Miggins? Hain't I as likely as young man as ye'll find about these parts?"

"Mebbe ye air," sez he, shettin' one eye an' squintin' with the other, "Mebbe ye air, but ye don't vote the same ticket I do, an' besides yer father shot a dog wunst that belonged to me."

"Well," sez I, "if the dog didn't deserve shootin' I apologize. First I ever heard of it anyhow, an' I don't know that ye kin blame me fer what my father done without askin' my advice or consent."

"Mebbe not," sez he, "but all the same I've allers noticed that tricks of that kind run in fam'lies, an' as I said before, yer politics an' mine don't hitch."

"Hang politics!" sez I; "I'll let Matilda do the votin' after we git married, if that'll suit ye. Anything fer the sake of peace in the fam'ly."

I thought this would fetch him; but it didn't. He hemmed an' hawed around a spell, an' finally he thought of suthin' else in the objection line an' he spoke up an' sez:

"There's a mortgage on yer place, hain't they?"

"I reckon there is," I acknowledged, "but I dunno that it's my fault. I found it there when the place come to me after my father's death; but I've been hackin' away at it an' cuttin' a good slice off from it every year, an' I expect to have it all paid up inside of the next three years."

"Do, eh?" he grunted. "Well, ye're smarter'n I thought ye was, if that's the case."

"So it is all right about Matilda then, I s'pose?" said I, eagerly.

"If ye did ye s'posed wrong," he growled, jest like ye've heard a dog when he thinks another one is goin' to git a bone away from him. "Yes, siree, young feller, ye s'posed wrong. I hain't gointer give no man a quit claim deed, n'r even a first mortgage on Matilda, till he proves himself to be a man. Did ye ever kill a bear?"

He roared out this concludin' question at me in tones that fairly made me jump. I felt fer a minute almost as if I had been shot or blown up with a bomb or suthin' of that sort; but when I found it was only a conundrum he had fired at me, I rallied an' said:

"Well, no, I can't say that I have ever killed a bear, but if that is one of the requirements before I kin git hooked up in double harness with Matilda, all ye've got to do is to bring on yer bear an' I'll massacre him fer ye in a hurry."

"I don't doubt in the least that ye would," sez old Miggins, sneeringly, "pervided some one would ketch the bear an' tie its legs together an' bring it to ye so all ye'd have to do is to knock it on the head with a club an' kill it without any exertion to speak of and had a grust on it that would hold up a man, I tramped up into my wood lot on the hill back of Miggins's place with a ax on my shoulder, an' begun slashin' down trees an' choppin' 'em up into cordwood. As I worked away I keep glancin' ever an' anon down to'ards the cottage where Matilda lived, which was right in plain sight below me, an' wonderin' if Fate would ever send a bear along. At noon I sot down on a log an' was busy eatin' the lunch I had brought along, when I heard the twigs snappin' behind me, an' jumpin' to my feet I looked around an' there was the very critter I'd been wishin' fer so long—a big black bear, eyein' me from behind a clump of bushes!

My gun was hangin' over the door at home, an' the bear was between me an' the ax, which I had left stickin' in a stump when I quit workin' to eat, so I was caught nappin' all round, an' ye kin bet I felt purty cheap fer about a minute. But I didn't run. I was bound to stand my ground, no matter what happened. The bear came on toward me, shakin' his head an' growlin', an' I stood there with no weppin 'cept my dinner pail, waitin' fer him. A sudden idee had come into my head, an' if I could carry it out I was safe. The tin pail I had in my hands was an unusually deep one, holding probably eight quarts or more, an' as soon as the bear was close enough I jumped forward an' clapped the pail over his nose, same as a dog's muzzle or a ball-catcher's mask, an' then I jammed the ball over back of his ears so he couldn't shake it off, an' I had him jest where I wanted him.

The top of the pail come up far enough to cover his eyes, so altogether

"THEN YOU WERE JEALOUS, TOO?"

the bear was about as harmless jest then as if he had been born without any eyes or mouth. Procurin' my ax fer use in case of emergency, I took a half-hitch on that critter's nigh ear with my right hand, an' fifteen minutes later I was standin' with him in Miggins's front door yard. It was down hill and a hard crust on the snow all the way, an'it didn't do him any good to act balky or hold back.

"There's yer bear," I said, when old man Miggins come to the door, "an' now jest trot out Matilda an' we'll make a trade."

"Where'd yet git 'im?" asked Miggins, with eyz like two peeled onions.

"Up in my wood lot," sez I. "Thought it would be too much trouble to drag the carcass way down here, so I captured him alive an' made him walk."

"The dickens ye did," sez he.

"Bet yer boots," sez I, "an' here's him to prove it. An' now the question is, do I get Matilda?"

"Reckon ye do," sez he. "It takes as much pluck to capture a bear alive as it does to kill one, so I guess I'll halter give in. Wait till I put a ball through that bear, an' then ye kin come in an' talk over the matter with Matilda."

Three days later Matilda an' I commenced housekeepin' on our own account—thought we might as well hurry things along while her father was willin'—an' about a week after that he dropped in on us fer a call one day an' said:

"I thought I was gittin' a purty wiry an' courageous son-in-law, but I've changed my mind."

"What's the trouble now, dad?" sez I.

"Why, about that bear ye captured."

"What about it?"

"Why, I've been told the plaguey bear was at least forty years old, an' crippled an' half blind. An Eyetalian was exhibitin' it down at The Corners only the day before ye made out ye captured it, an' they say he was braggin' afterward how he swindled some one by sellin' 'em the bear fer ten dollars. Thought ye were mighty smart when ye bought that bear, didn't ye? Nice trick to play on yer prospective father-in-law, I must say!"

"But he didn't do it, father," spoke up Matilda, with a becomin' blush, "Joe didn't know a thing about it till this very minute. I bought the bear of the Eyetalian myself an' had him turn it loose in the woodlot where Joe was workin'."

"An' I'm mighty glad ye did!" sez I, throwin' both arms around her an' givin' her a reg'lar bear hug.

"Hub, hugh!" sez Matilda's father, lookin' sorter cut-up like. "Well, that beats me. I hain't got nothin' further to say. I guess 'twas bound to come anyhow."

LOST HIS JUG.

Thieves Stole Ramsey's Valise While He Was Eating—Didn't Know It was Loaded.

A. Ramsey, a miner in the employ of the San Gabriel Electric Company, engaged in the development of water back of Old Baldy, came to the city yesterday to vote, and incidentally to lay in a few supplies, intending to return to the mountains in the evening. While Ramsey was eating his dinner in a restaurant, his valise, containing some clothes and a jug of whisky, was stolen away from him. He reported his loss to the police, and detectives later arrested Joseph Monahan and Robert Park, whom they charged with the theft. Monahan and Park had sold the valise to a second-hand dealer without knowing its contents. The valise was locked, and Ramsey had the key in his pocket, so the thieves were unable to sample the wet goods it contained. Monahan and Park were booked for petty larceny. Ramsey was loth to prosecute them, and begged for the return of his property so he could leave town in time to get back to his work this morning, but the police informed him that he would have to prove his property in court before it could be returned to him, and in order to prove it he must prosecute the thieves. Ramsey reluctantly consented to do so, as he considered the time he would lose of more value to him than the valise and jug of whisky. He did not like the idea, however, of leaving so much free whisky in the possession of the detectives, as he feared it might subject them to greater temptation than they could withstand.

Los Angeles Ebell.

A very successful meeting of the French section of the Ebell Society, under the direction of Mrs. S. E. Pease, curator, was held yesterday morning. This was followed by a meeting of the debating section, of which Mrs. A. L. Brown is curator. The first part of this meeting was devoted to parliamentary practice, after which there was a practice debate on the length of school hours.

ELECTION DAY NOT VERY DRY.

Three Arrests Made by the Police for the Sale of Beer Yesterday.

Although the election laws require all saloons to be closed while the polls are open, it was not impossible to get a drink in Los Angeles yesterday. Several saloon-keepers violated the law and came to grief. Others sold booze on the sly and escaped detection, but the majority of the saloonmen are believed to have observed the law to the letter.

The first saloonman to get caught was P. Canaux, who conducts a saloon at Aliso and Alameda streets. Officers Lennon and Richards allege that he was selling beer early in the day and arrested him. He was released on $50 cash bail.

About 4 o'clock in the afternoon Jack Durm came to the Central Station with a badly mashed mouth which he said he received at First and Los Angeles streets by being assaulted by an unknown man as he was coming out of a place where beer was being sold. A young man who accompanied Durm, stated that the latter was ordered out of the house and thrown down stairs and kicked in the face because he didn't leave quick enough. Officers McClain and Shields who were sent to investigate, arrested Joseph McIntire for the alleged battery of Durm, and W. H. Carroll, proprietor of the saloon at No. 103 North Los Angeles street, for unlawful sale of beer. It is alleged that Carroll had fixed up a private bar upstairs over his saloon, where he was dispensing beer throughout the day to such of his friends as were "onto" the "blind pig." Durm became too noisy after he had a few glasses of beer and was forcibly ejected. But for the fact that he immediately reported the assault to the police, the "blind pig" might have escaped the notice of the officers. Carroll was released on $50 cash bail. Durm had his sore mouth treated in the Receiving Hospital.

Shortly before the polls closed, Officers McClain and Shields raided Lou Simpson's notorious colored clubhouse on Los Angeles street and arrested Frank Jones, the barkeeper, on the charge of violating the election law by selling liquor while voting was in progress. Simpson bailed his man out, but contended that he had a right to sell liquor under his charter.

Saloons holding restaurant licenses took advantage of the broad interpretation of the statute made by the City Attorney, and dispensed wet goods in original packages throughout the day, without police interference.

KAYS DECLINES.

Does Not Want the Nomination for Mayor, Tendered Him by the Citizens' Committee of One Hundred.

James C. Kays, nominated for Mayor of Los Angeles by the Citizens' Committee of One Hundred, has declined to accept. In a letter to the chairman of that committee, written yesterday, Mr. Kays expresses thanks for the honor, but states that he wishes his notification of declination to be final. He gives, as among the other imperative reasons which prompt him to that course, the statement that in his opinion the provisions of the present charter—as to the powers of the Mayor—are of such a character as absolutely to preclude a Mayor from furnishing the citizens that measure of good government that a self-respecting, independent man would desire to render to his fellow-citizens.

SIGNAL CORPS NOTES.

New Revolvers and Equipments Issued by the State—Preparations, Inspection and a Thanksgiving Military Ball.

The Signal Corps held its monthly shoot at the East Side range Sunday. The scores were not up to the average, probably because the corps has just been armed with a new model army revolver. Besides these revolvers, the corps has lately received new equipments from the State headquarters, including a large camp range, blankets, shelter tents and overcoats.

The State target trophies for 1898 and 1899 have arrived and will soon be presented.

On the 17th inst. the annual inspection of the corps will take place at the armory. The orders call for service uniforms with blankets and shelter tents. Maj. Dibs will be the inspecting officer.

Thanksgiving night the corps will give a military ball, for which several hundred invitations are out. A "stag" party is being planned for December 8.

The corps is making special efforts to increase its membership. Able-bodied and intelligent young men, especially those having knowledge of telegraphy or electricity, will be welcomed at the Signal Corps quarters any Thursday evening.

[THE OIL INDUSTRY.]

STEADY WORK OF OPERATORS.

Good Finds in Northern Fields. Lion's Strong Producer. More Drilling.

Still another company is about to enter the middle western field, a section of local territory that is fast coming to the front. The Pellissier Oil Company has just acquired by lease 120 acres of land in the Pellissier tract, near the recent strike, on property now owned by the Los Angeles Oil Company.

The Pellissier Oil Company has been organized with a capital stock of $50,000, and will be under the management of Frank A. Garbutt. Lumber is now on the ground for a first-class standard rig, which will be erected at an early date.

Near the same property the Los Angeles Oil Company is making very creditable progress with its new well on the Pellissier tract. Work was begun Monday and will be rushed with all possible speed.

It is reported that the Oceanic Oil Company has given up the search for oil on the Hewes tract, and that no more wells will be drilled there. The company has two small producers on the property, but the last two wells drilled on the north end of its holdings went into water.

NORTHERN DOINGS.

Operators in the northern fields are working with a will and many good finds have been made recently. One of the best of the recent finds is the Lion Oil Company's well. A report from the field says the well is still gushing. In an attempt to ascertain its capacity it was pumped with a twenty-foot bailer for two hours and it was found that the oil had been lowered only thirty-four feet from the top of the 7 5-8-inch casing. One hundred and seventeen barrels of oil had been removed in that time.

The "4" Oil Company is making arrangements for the erection of a large storage reservoir on the north half of the northeast quarter of the northwest quarter of section 4, 29, 23. The contract requires that the work must be completed in sixty days.

In La Habra Cañon the International Oil Company has made arrangements to begin its second well about one mile east of its first attempt which was a failure.

It is reported that the Sunset Center Oil Company will begin operating on section 10, 11, 34, in the Sunset field, within sixty days. It is a close corporation, backed by San Francisco capital.

Three oil tanks, each with a capacity of 30,000 barrels, are to be erected at Oil City.

The Californian of Bakersfield reports that the Prudential Oil Company has leased to the Verdi Oil Company the southwest quarter of section 22, 30, 23, and the latter is to start up operation within thirty days.

The J. S. Potts Oil Company has begun drilling on section 22, 11.

Another good producer of the Kern River field is will No. 5 of the Sacramento Oil Company, on sections 28. A recent measurement gives its production at 250 barrels a day.

W. E. De Groot of this city is reported to have eight derricks up on his holdings in the Temblor district. The drill is in 700 feet in the first well, and down 250 feet in another.

The California Standard and Giant Oil Companies in the McKittrick district are making good progress. Four rigs have been erected by these operators.

CHANGE OF TIME.

Tomorrow the Southern Pacific Sunset Limited service will go into effect, and with it a few changes in the time table. The Owl train will leave here at 7:30 p.m.; the San Francisco express will arrive here at 1:10; the limited will leave here for the East at 1 a.m. on Tuesday, Thursday and Saturday of each week. It will arrive here from New Orleans at 7:15 p.m., on Monday, Wednesday and Saturday of each week. The run between San Francisco and Los Angeles will be on the Owl's schedule. The early Sunday train from Riverside to this city will be taken off soon, so will the return trip Sunday afternoon. The Redlands local on Sundays will run via Chino and Corona, and will reach Los Angeles at 9:35 a.m. The return train will leave here on Sunday at 5:25 p.m. The Santa Barbara train will reach here at 9:30 p.m.

The 7:30 a.m. Pasadena train to this city will be taken off on Sundays. A train will leave there on Sunday at 9:05 a.m., meeting the Redlands train at Shorb. Passengers from the city to Pasadena on Sunday will take the Redlands train here at 8:05 a.m., and will transfer at Shorb.

A GLORIOUS VICTORY GLORIOUSLY WON.

The Presidential election of 1900 has resulted in the re-election of William McKinley as President of the United States, and in the election of Gov. Theodore Roosevelt as Vice-President.

The returns justify the claim that McKinley and Roosevelt will have not less than 284 votes in the Electoral College, with the possibility that the number may reach, or even exceed, 300, out of the total of 447. In 1896 the Republican Presidential ticket received 271 electoral votes, to 176 for Bryan.

It is a most glorious victory, gloriously won.

The Republicans of the nation may well congratulate themselves upon the result; for their triumph was achieved in the face of the most determined opposition, aided by methods most unscrupulous.

In the news columns of The Times will be found the latest returns and a comprehensive summary of the results in the several States, based upon these latest dispatches. A careful study of the returns will serve to show the scope, the extent and the significance of the Republican victory.

It is impossible to convey in words an adequate conception of the significance of this triumph of Republican principles in the forum of popular opinion. It is a complete vindication of the administration of the President; a complete defense against the insidious attacks of his political enemies, who meanly sought to embarrass the Chief Executive, and to discredit his administration in a time of great national peril; who sought, moreover, to traffic in their country's honor and to make political merchandise of the very stars upon the flag.

The rebuke which the American people have administered to these unpatriotic partisans is richly deserved. It is so complete as to leave no doubt as to the popular condemnation of their course and the popular indorsement of the administration.

The re-election of the President means the continuance of the marvelous prosperity which this nation has enjoyed for nearly four years past. It means that our flag shall continue to float over the Philippines and over all other territory where it has been planted in the name of our national sovereignty. It means that every dollar of our currency will continue to be worth 100 cents; that our workingmen and merchants and manufacturers will continue to enjoy the benefits of tariff protection; that the laws will be respected; that business will continue good, that wage earners will be generally employed, and that all classes and conditions of our people will continue to enjoy the benefits of the prosperity which began with the administration of our great and wise President, the peerless statesman and pure patriot, William McKinley.

The people have spoken—and it is well.

CIVIL-SERVICE REFORM.

"Law," says Burke, "is beneficence acting by rule." It is therefore obvious that where no beneficence exists there can be no law. The thought conveyed in the word "beneficence" is that of being actively desirous for the good, for the best. It follows, therefore, that unless the majority of a community think aright and are determined to act aright, reform laws cannot be of real good. If passed they will not be effective, but quickly become a dead letter.

It is unnecessary to point out how many laws are now on our statute books which are practically a dead letter, because the people wish them so. It is simply a farce to push legislation beyond the point where it will be supported effectively by public sentiment. A prohibition ordinance in a mining town is not likely to be observed, unless the majority of the miners have signed the temperance pledge.

The soil must first be prepared before the grain is planted. Thus, the public must first be made to realize the need of a law, then, having demanded it, the same power of public sentiment will force the observance of the law.

It is so with civil-service reform. No one can possibly deny the splendid working of this regulation as applied to the postal system, or, to cite a local instance, in our city library. Shall it stop there, or shall we demand that the system be extended till all our city officials now appointed under the spoils system shall be elected by merit, and retained during faithfulness? It was an awakened public conscience which demanded reform in the branches named, and which has demanded faithful observance of the law. There are thousands of political buzzards today who would like nothing so well as to see a return to the old spoils system in every office, but, fortunately, their influence is overbalanced by the power of the better element in society. So it is not law, but public sentiment which upholds the law that is the all-important force.

Every year testifies to the wisdom of extending the scope of the civil service, but this can only follow public sentiment. Indeed, it will be but a reflection of the desire of the people. Our legislators will not nor can they be expected to pass civil-service laws till they are requested to do so by their constituents—that is, by us.

The question is not so much what are our legislators doing for civil service as: What am I doing? Am I supporting that doctrine, or am I defeating its purpose by trying for myself or for my friend to obtain preferment through political influence?

Civil service will come to every branch of the public service when the public demands it.

The country is safe.

Now let us get to work.

The honest vote carried the day.

DID we do it?—Well, ask Bryan.

The antediluvians are a back number.

Four more years of the closed soup house.

The roof of the soup house has tumbled in.

The great heart of the American nation beats true.

What's the matter with McKinley and Roosevelt?

That "cross of gold" is now laid up at your uncle's for repairs.

"Maryland, My Maryland" seems to have stuck in Willie's craw.

Croakers don't count for much with the American voters, anyhow.

That flag won't be hauled down in the Philippines—not just now.

Aguinaldo has girded up his loins and started again on the hike.

The firm of Bryan, Aguinaldo, Atkinson & Co. will now be dissolved.

We have met the enemy and he is ours by unconditional surrender.

Bryanism and Crokerism in a few short days will be only a memory.

The great American voter has decided that we shall move forward, not backward.

Who says now that the full dinner pail wasn't, after all, the paramount issue?

The American voter has shown that he cannot be enthused over a policy of negatives.

Some of those who have been betting their last week's salaries now wish they hadn't.

One Aguinaldo of the Island of Polillo failed to carry the United States by a large majority.

Discontent, Doubt and Dishonor could not prevail over Patriotism, Progress and Prosperity.

The man who "knew it all" and who "told you so" will now be in evidence. And he is numerous.

The full Republican dinner pail seems to have prevailed over the empty Democratic slop bucket.

Do you notice that broad and beautiful smile that illuminates the photographs of Grover Cleveland?

Next time, if the Democrats put up a real Democrat, they may be able to have a run for their money.

Uncle Sam, having brushed away these disturbing elements, will now proceed to get down to business.

Now the American nation can start out on the great twentieth-century race with a "clear field and no favor."

The Young Man Absalom showed his hand in a beautiful manner. Nothing in his hand but a straight royal flush.

The American voter has registered his private and unbiased opinion in regard to political freaks and charlatans.

When it comes to the scratch, the great American voter can be depended upon to do the right thing, most every time.

Now let the American nation prepare for the brightest four years of progress and prosperity that it has ever seen.

The fight is o'er, the battle done;
The victory of truth is won;
The shout of triumph has begun—
Alleluia!

Now let us have an end of all this foolishness and work together to place the United States in its proper place, a leader of the world's civilization.

Antiquarians and curio hunters should collect and preserve newspaper articles relating to "16 to 1." They will be valuable, in course of time.

Ship ahoy! What craft is that?
The Scow Imperialism, Capt. Bryan, bound up Salt Creek, with the tub Social Free Riot, Capt. Debs, in tow.

Our soldier boys, who are upholding the flag in the far-away lands, will be glad to read the returns of this election.

"Down in Nebraska,
Heah dat mo'nful soun';
All de Democrats am weepin',
Willie's in de col', col' groun'."

The Bryanites are now invited to come into the fold and be good. The Republicans are willing to kill the fatted calf and receive the prodigal sons of guns.

We have routed the allied hosts of unrest and destruction, horse, foot and mounted infantry. Three cheers for the intelligence and patriotism of the American people!

Old Glory will continue to ripple in the breezes of the Philippines, emblematic of all that is for the right, in spite of the assurances of Bryan that the flag must come down.

The cold frost has come,
And Bryan is done,
And what will poor Ag. do now, poor thing—
What will poor Ag. do now?

How mad Bryan must feel this morning when he thinks of all the precious jaw fodder he threw to waste. Thirty speeches a day didn't even land him within smelling distance of the White House.

If I were Willie Jay Bry-an,
Jay Bry-an, Jay Bry-an,
I'll tell you what I'd do;
I'd crawl into a ground-hog's hole,
Ground-hog's hole, ground-hog's hole;
I'd crawl into a ground-hog's hole—
And pull the hole in too!

ARIZONA.

EARLY MORNING REPORT THE VOTE VERY CLOSE.

[BY DIRECT WIRE TO THE TIMES.]

PHOENIX (Ariz.,) Nov. 7.—[Exclusive Dispatch.] Early morning reports from the southern counties tend to moderate the confident tone of the Republicans and it will be, if at all, only by the smallest kind of a majority that Gov. Murphy will be elected Delegate to Congress. Not before daylight will it be possible to attempt a numerical estimate, so much delayed are returns from all points in the territory.

Maricopa county will probably break even, Phoenix giving Murphy a good round majority, which may be offset by Smith's vote in the rural precincts. Yavapai county, the next largest to Maricopa, will give Murphy a margin of perhaps 550, while Pima county sends in an estimate of a slight shade in Murphy's favor. Out of 2100 votes in Phoenix, Murphy will get about 1300, while fifteen of forty precincts in the country show 100 majority for Smith.

In Yavapai county, Jerome and Cottonwood, out of fifty-six votes Murphy has twenty-two majority. At Congress the vote is: Murphy, 218; Smith, 55. Williams, Coconino county: Murphy, 130; Smith, 105. Florence, Pinal county: Murphy, 76; Smith, 112. Holbrook, Taylor and Snowflake precincts: Murphy, 106; Smith, 79. Solomonville, Graham county: Murphy, 89; Smith, 46.

At 1 o'clock this morning Chairman Admas of the Republican Committee estimated Murphy's majority at about 200, but admits that Republican victory can only be by the slightest majority.

F. P. Trott, the Democratic chairman, says Smith's election is assured by not less than 225 votes, and declares Cochise county will give the latter 300, 100 of which will come from Bisbee.

MURPHY IS BEATEN.

PHOENIX (Ariz.,) Nov. 7.—At 3 o'clock this morning the election of Smith is conceded by the Republicans by a majority approximating between 400 and 700.

NOT SO PLEASANT.

[BY THE NEW ASSOCIATED PRESS—P.M.]

PHOENIX (Ariz.,) Nov. 6.—The latest returns from southern counties bring the statement from F. P. Troot, chairman of the Democratic Central Committee, that the Territory can be assured as Democratic by 150 to 250. The Republican committee admits discouraging reports, but adheres to the claims that Murphy will win.

ARKANSAS.

FALLING OFF MAY REDUCE BRYAN'S MAJORITY.

[BY THE NEW ASSOCIATED PRESS—P.M.]

LITTLE ROCK (Ark.,) Nov. 6.—At 11:30 o'clock tonight the returns show a slight falling off in the vote in the large counties, which may reduce Bryan's majority to 50,000.

CANTON (O.,) Nov. 7.—The President's home city gives him 993 plurality.

GRAND OPERA.

Arrangements for the Performances of the Maurice Grau Company at Hazard's Pavilion This Week.

It is now an assured fact that the famous Maurice Grau Opera Company will open Friday evening, in "La Boheme" at Hazard's Pavilion. For years Manager Grau has waited to surround Madam Melba with a company of artists who could adequately portray the different roles of "La Boheme" and support this great artist in Puccini's masterpiece.

The artists engaged this season are the ones who have created the different roles of this opera in London, Paris and Berlin. The scenery alone fills four cars, and is entirely new, costing the Grau company over $40,000, and will be used for the first time in this city. The entire Pavilion has been cleared completely of the scenery belonging to the local house, and nothing but imported stuff will be used. Carpets are being laid in the aisles, so that those who desire to wear smart gowns will not have them soiled. A ladies' retiring room is being carpeted, and will be in charge of maids, fully equipped to look after the comforts of the lady patrons. A gentlemen's smoking room is also being arranged, and will be in charge of colored valets who will look after their many wants.

All of the singers will be here this morning at 11 a.m., together with orchestra and chorus, and Melba will arrive in the evening. Madam Nordica will arrive Thursday.

Plenty of good seats remain for all performances in all parts of the house, and can be secured from 9 o'clock a.m., until 6 p.m.

[Philadelphia Press:] (Mr. Payne:) What! sixty-eight dollars for an evening dress? Why, I thought you were going to have your last year's black lace made over?"

(Mrs. Payne:) I did, dear. I had it made over red satin, and that's what cost so.

DEL NORTE COUNTRY.

[BY THE NEW ASSOCIATED PRESS—P.M.]

CRESCENT CITY, Nov. 6.—The Democratic County Central Committee concedes that McKinley will carry Del Norte county by 30 majority, and that Farraher (Dem.,) for Congress, will have a small majority. Taft (Dem.,) for Senator, will have 70 majority; Berry (Rep.,) for Assembly, 100 majority.

THE AMENDMENTS.

SIMS SAYS 10 000

[BY THE NEW ASSOCIATED PRESS—P.M.]

SAN FRANCISCO, Nov. 6.—Chairman Sims of the Democratic State Central Committee concedes McKinley a plurality of 10,000 in California.

MONTEREY COUNTY FIGURES.

[BY THE NEW ASSOCIATED PRESS—P.M.]

SALINAS, Nov. 6.—Out of 22 precincts heard from in Monterey county, Bryan has received 1056 votes, McKinley 968. Republicans claim Flint (Rep.) will receive about 100 majority over Alexander. McLachlan will carry the county by a big majority.

At Democratic headquarters, the Central Committee claims a victory for Alexander for the Senate and that Feliz (Dem.) will be elected by a big majority over Searles, and that the county will give Bryan a larger vote than last election. Salinas gives Bryan 49 majority.

FOR McKINLEY BY 25,000—LEGISLATURE SAFE.

[BY THE NEW ASSOCIATED PRESS—P.M.]

SAN FRANCISCO Nov. 6.—While the returns are yet very incomplete, enough had been received at midnight to warrant the statement that McKinley and Roosevelt have carried the State by a large plurality. At Republican headquarters it was claimed that it would reach 25,000. At Democratic headquarters, while no figures would be conceded, it was admitted that the Republican majority will be a good one.

The Republicans have elected their Congressmen in the Third, Fourth and Sixth districts. Returns from the First are very meager, but it is admitted that the Republican nominee is elected. The vote in the Second between Woods (Rep.) and Sproul (Dem.) is close. Both parties claim it. The Fifth is also close, but the returns so far favor Loud (Rep.) by a small majority.

The Legislature is undoubtedly Republican. But little attention has been given to the vote on the constitutional amendments, and no estimates are available.

In this city McKinley's plurality will be between seven and ten thousand. Kahn will have a good majority over Ashe for Congress. The election was a very quiet one.

Chairman Stone of the Republican State Central Committee gave the following statement to the Associated Press at midnight: "From the returns received up to this hour I am of the opinion that McKinley and Roosevelt have carried the State of California by 25,000, and that the Republicans have elected all their Congressmen. The Legislature is largely Republican. I am gratified to have the evidence from the voters themselves that the laboring men of California are with McKinley and prosperity for another four years."

Frank J. Gould of the Democratic State Committee admits that McKinley has carried California by a good majority. He concedes the election of four Republican Congressmen, saying that his latest advices place the Second, Fourth and Fifth districts in doubt. Of these, he thinks that the Second will almost surely elect Sproul, the Democratic nominee.

HEAVY REPUBLICAN GAINS.

[BY THE NEW ASSOCIATED PRESS—P.M.]

JACKSON Nov. 6.—Incomplete returns from six precincts out of 23 give McKinley 237, Bryan 217. Indications point to heavy Republican gains throughout the county. McKinley will have about 100 majority. In 1896, Amador gave Bryan 75 majority.

Woods for Congress is running even with the Presidential ticket, Stewart (Rep.) for Assemblyman, is running strong, and is probably elected. The Republicans will certainly elect Amick and Moore for supervisors. In the Jackson district, Newman (Dem.) is leading Tamm (Rep.) by a few votes.

MARIPOSA RETURNS.

[BY THE NEW ASSOCIATED PRESS—P.M.]

MARIPOSA, Nov 6.—Returns so far received give Bryan a majority of 39, Sproul for Congress is 225 ahead.

VISALIA CONCESSION.

[BY THE NEW ASSOCIATED PRESS—P.M.]

VISALIA, Nov. 6.—Charles G. Lamberson, chairman of the Republican County Central Committee, states that 27 precincts out of 48 give Bryan 204 majority. Crichton for Congress carries the county by about 500.

HUMBOLDT COUNTY GAIN.

[BY THE NEW ASSOCIATED PRESS—P.M.]

EUREKA, Nov. 6.—Humboldt county will go Republican by 2000, if not more. Four years ago, the county went 627 for McKinley. The city of Eureka has given 641 majority for McKinley. Four years ago it was carried by seventy. Salvage, candidate for State Senator in the First District will be elected by over 2000 majority. Coombs, candidate for Congress, has a majority in county between 1500 and 1600. Humboldt has cast an unparalleled Republican vote.

SHASTA DEMOCRATIC.

[BY THE NEW ASSOCIATED PRESS—P.M.]

REDDING, Nov. 6.—Of the precincts of Shasta county outside of Redding from which returns have been received at 10 o'clock tonight, Bryan had a heavy plurality. In Redding, which had been considered Democratic, McKinley has a small plurality. From appearances Bryan's plurality in the county will be nearly the same as four years ago, 746. It may possibly be slightly decreased. Farraher (Dem.) for Congress, First District, is polling the party vote. Hubbard (Dem.) for Assembly from Shasta and Modoc, is running away ahead of his ticket in this county. Nothing can be learned from Modoc. It is ordinarily strongly Democratic.

SAN RAFAEL FIGURES.

[BY THE NEW ASSOCIATED PRESS—P.M.]

SAN RAFAEL, Nov. 6.—Estimated McKinley's majority, 600; Coombs (Rep.) for Congress, 600; Wilkins, 250; Atherton, 200.

SOLANO MAJORITIES.

[BY THE NEW ASSOCIATED PRESS—P.M.]

SUISUN, Nov. 6.—Solano county vote gives the following majorities: McKinley, 941; Metcalf, Congress, 944; Luchsinger, State Senator, 813; Anderson, Assemblyman, 1064.

ELDORADO COUNTY.

[BY THE NEW ASSOCIATED PRESS—P.M.]

PLACERVILLE, Nov. 6.—Eleven of the thirty-six precincts in Eldorado county give McKinley 404; Bryan, 510; Woods, 379; Sproul, 527.

SUSANVILLE CLAIMS.

[BY THE NEW ASSOCIATED PRESS—P.M.]

SUSANVILLE, Nov. 6.—The Republican County Committee claims a majority of over 100 for McKinley. Eight precincts in the county have been heard from. They give 242 for McKinley and 169 for Bryan. Thirteen precincts to hear from will probably increase the Republican majority. The vote for Congressman stands about the same as for President. Fritter (Dem.) for the Assembly will have a majority in the county.

FOURTEEN PRECINCTS.

[BY THE NEW ASSOCIATED PRESS—P.M.]

RED BLUFF, Nov. 6.—Fourteen precincts out of thirty-two heard from give McKinley 614, Bryan 734. For Congressman, Coombs (Rep.,) 657; Farraher (Dem.,) 657. For Legislature, Gans (Rep.,) 869; McGinnis (Dem.,) 779.

RESULTS AT COLUSA.

[BY THE NEW ASSOCIATED PRESS—P.M.]

COLUSA, Nov. 6.—The election passed quietly. On account of isolated precincts from telegraph, returns come slowly. Colusa gives Bryan 9 majority. Weyand (Rep.) will carry the county by 250. Freeman is running very heavy. Probably the old Board of Supervisors is elected. The chairman of the Democratic Committee says Bryan will not carry the county by over 400.

GAIN FOR M'KINLEY.

[BY THE NEW ASSOCIATED PRESS—P.M.]

UKIAH, Nov. 6.—Eleven precincts complete show a gain for McKinley of 74 over 1896. The returns indicate a majority in this county for Coombs for Congress, Hanen for the Assembly and a Republican Board of Supervisors. The chairman of the Democratic County Central Committee claims the county by 100. Bryan carried it in 1896 by 47.

IDAHO.

REPUBLICAN GAINS.

[BY THE NEW ASSOCIATED PRESS—P.M.]

BOISE (Idaho,) Nov. 6.—There are yet no returns from this State. Only one precinct has been heard from, East Caldwell. It gives McKinley 91; Bryan, 82. Two years ago it gave the Fusionists 118; Republicans, 42.

WASHINGTON.

M'KINLEY LEADS BRYAN AND STATE TICKET.

[BY THE NEW ASSOCIATED PRESS—P.M.]

SEATTLE (Wash.,) Nov. 6.—Returns from the State are coming in slowly, but indications are that McKinley leads Bryan by a large majority, and is well in advance of the Republican State candidates.

GOVERNOR'S VOTE CLOSE.

[BY THE NEW ASSOCIATED PRESS—P.M.]

SEATTLE, Nov. 6, 11 p.m.—There is every indication at this hour that McKinley has carried the State by 5000 majority or more. In this city Frisk (Rep.,) candidate for Governor, is running behind McKinley. The election of Governor is too close to be determined at this time.

NEW REPUBLICAN CLAIMS.

[BY THE NEW ASSOCIATED PRESS—P.M.]

SEATTLE (Wash.,) Nov. 6.—At 11:30 o'clock tonight Chairman Shiveley claimed the State for McKinley by from 5000 to 8000, and says he believes that while Frink, candidate for Governor, will run behind, he will be elected. Chairman Drum of the Democratic Committee has privately conceded Washington to McKinley, but says Rogers and the other State officers will be elected.

WYOMING.

[BY THE NEW ASSOCIATED PRESS—P.M.]

CHEYENNE, (Wyo.,) Nov. 6.—J. A. Nenoradel, chairman of the State Republican Central Committee, at 11 o'clock made the following statement to the Associated Press:

"Sixteen precincts out of 200 heard from show a Republican gain. On the ratio of precincts already heard from, McKinley will carry Wyoming by 4000 majority. Mondell (Rep.) for Congress is running even with the electoral ticket. Cheyenne will give 450 majority for the Republican ticket."

Col. Hunter, chairman of the Democratic State Central Committee, simply stated that he had received no information from the State at large, and had no figures to give.

GEORGIA.

DEMOCRATIC MAJORITY SHOWS AN INCREASE.

[BY THE NEW ASSOCIATED PRESS—P.M.]

ATLANTA (Ga.,) Nov. 6.—Bryan's majority in Georgia will be about 40,000. The majority for Bryan shows an apparent increase over that of four years ago of about 4000.

But little interest was manifested and a very light vote was polled.

The Georgia delegation to Washington remains solidly Democratic. Coffey county in South Georgia went for McKinley and the town of Fitzgerald registered a heavy Republican plurality. Bryan's majority in Atlanta showed large increase. The Republicans failed to carry the Fourth Ward, which went for McKinley in 1896.

ALABAMA.

BRYAN GETS BIG MAJORITY ON A LIGHT VOTE.

[BY THE NEW ASSOCIATED PRESS—P.M.]

MONTGOMERY (Ala.,) Nov 6.—Returns from the State are too meagre to give any figures on the vote for President. Bryan carried the State by a large majority on a light vote. A full Democratic Congress delegation was chosen.

OREGON.

ONE-FOURTH OF VOTE GIVES 20,000 PLURALITY.

[BY THE NEW ASSOCIATED PRESS—P.M.]

PORTLAND (Or.,) Nov. 6.—One hundred and twenty-seven precincts out of 772 in Oregon, including the city of Portland, give McKinley 15,278, Bryan 8155. This is approximately one-fourth of the total vote of the State. If the same ratio is maintained, McKinley will have a plurality of 20,000 in the State.

KANSAS.

REPUBLICANS SWEEP FIELD—30,000 FOR M'KINLEY.

[BY THE NEW ASSOCIATED PRESS—P.M.]

TOPEKA (Kan.,) Nov. 6.—At midnight Chairman Albaugh of the Republican State Committee said:

"Returns already in indicate that the State will give McKinley over 30,000 plurality; that a solid Republican Congress delegation will be elected; that the Legislature will be Republican on joint ballot, and that the Republican State ticket will be elected by 25,000 plurality."

At the same hour, Chairman Ridgeley of the Fusion Committee said: "Information so far received is very meager. All returns received show slight gains."

VIRGINIA.

DEMOCRATS TAKE EVERYTHING IN QUIET ELECTION.

[BY THE NEW ASSOCIATED PRESS—P.M.]

RICHMOND (Va.,) Nov. 6.—Virginia's majority in favor of Bryan is about 20,000. The majorities on the Congress ticket will aggregate more than this.

The indications are that certainly nine and probably all of the Democratic candidates for Congress are elected. The Ninth District, is, at midnight, the only one in doubt and the chances there are in favor of the Democrats. There has been no disturbance of any kind in the State.

INDIANA.

M'KINLEY'S PLURALITY WILL BE ABOUT 30,000.

[BY THE NEW ASSOCIATED PRESS—P.M.]

INDIANAPOLIS, Nov. 7.—A conservative estimate at 12:30 o'clock a.m., places McKinley's plurality in Indiana at 30,000. The entire State Republican ticket is elected.

Democratic Congressmen have been elected in the Second and Third districts, while Republican candidates were successful in the Sixth, Eighth, Tenth, Eleventh and Thirteenth districts.

KENTUCKY.

DEMOCRATS ARE GAINING.

[BY THE NEW ASSOCIATED PRESS—P.M.]

LOUISVILLE, Nov. 6.—Returns up to 1:30 a.m. continue to show Democratic gains, though both sides still claim the election. In 904 out of a total of 1884 precincts in the State, including Louisville, the reports show: Bryan, 22,569; McKinley, 13,941; Bryan's majority, 8588; Beckham (Dem.,) for Governor, 21,583; Yerkes (Rep.,) 15,899; Beckham's majority, 5664. A total of 62 counties out of 117 in the State is included in the precincts heard from.

Out of seventeen counties in the Eleventh District, the Republican Gibraltar, eight counties have been heard from, each giving McKinley and Yerkes an average majority of 1000. The Republicans claim 20,000 majority on both State and national tickets.

GONE DEMOCRATIC.

[BY THE NEW ASSOCIATED PRESS—P.M.]

LOUISVILLE (Ky.,) Nov. 7.— At 2:15 o'clock a.m. the Courier-Journal says: "Bryan and Beckham have carried Kentucky by good majorities."

AT MIDNIGHT.

[BY THE NEW ASSOCIATED PRESS—P.M.]

LOUISVILLE (Ky.,) Nov. 6.—At midnight the result of the election in Kentucky was in doubt, with both sides claiming the State and Presidential tickets. The Democrats may be considered to have a trifle the better of the argument.

Ex-Gov. McCreery, chairman of the Democratic State Campaign Committee, said: "Bryan and Beckham have carried Kentucky by safe majorities. The Democrats have elected nine out of eleven Congressmen, including Gilbert in the Eighth, Kehoe in the Ninth and Rhea in the Third districts."

Chairman Combs of the Republican State Committee said: "Official returns from twenty-eight counties have been received. In these counties Beckham for Governor has gained 1039 over Goebel last year, while Yerkes has gained 1302 over Taylor in the same counties last year. Jefferson county (Louisville) is not included in this estimate. This indicates that Yerkes has been elected by a safe majority. In the Presidential race, McKinley has probably run 1200 behind Yerkes in the same counties."

The Courier Journal at midnight says returns from two-thirds of the counties in the State show Bryan and Beckham majorities. The result will depend on the size of the majority in the Eleventh Congress District, which is heavily Republican.

OREGON.

STATE BREAKS THE RECORD.

[BY THE NEW ASSOCIATED PRESS—P.M.]

PORTLAND (Or.,) Nov. 6.—Oregon today gave McKinley the largest plurality ever given a candidate for office in this State. With more than half of the total vote of the State counted, the result is as follows: McKinley 37,128; Bryan 17,073; McKinley's plurality 10,053.

Multnomah county, which includes the city of Portland, gave McKinley 5600 plurality, and it is estimated that the State outside of this city, will return a plurality of 9000, making the Republican plurality in the State close to 15,000.

SOUTH DAKOTA.

NO DOUBT REPUBLICAN.

SIOUX FALLS (S. D.,) Nov. 6.—No doubt remains that the Republicans have won in South Dakota. Frank Crane, chairman of the Republican State Committee, has persistently refused to be quoted during the present campaign on the outcome of the election, but at midnight he said:

"We have sufficient returns from the State to show that we have carried the State for McKinley by from 10,000 to 12,000, and that we have elected our two nominees for Congress and the entire State ticket. We have a majority of forty on joint ballot in the Legislature, insuring the election of a Republican to succeed Senator Pettigrew. The result has been a surprise to both sides, as the Fusionists expected to carry the State."

MARYLAND.

M'KINLEY BY 10,000.

[BY THE NEW ASSOCIATED PRESS—P.M.]

BALTIMORE, Nov. 6.—McKinley carried Baltimore city by 6095. The returns from the counties are meager, but official advices from eighty-one scattered precincts out of 354 give McKinley 18,285, Bryan 14,195, assuring McKinley a majority of 40 in the State.

The defeat of the Democrats has been thorough and surprising. It was thought certain that they would get five of the six Congressmen. The probabilities in favor of a change in the solid district is the election by the loss of the other. The successful district is the Second, which elected Congressman J. F. C. Talbott. The Democratic candidate and Congressman may the Republican aspirant. The returns, with one precinct missing, give a majority for Blankenburg. It is regarded as probable that he will be elected.

This means a net loss of two Congressmen to the Democrats, the Second and First Districts having been represented by Democrats, though Governor W. Smith, who was elected in 1898, resigned soon afterward to become Governor of the State. His successor, Senator John P. Gorman, was nominated by the Democrats to succeed him, and his defeat was a matter of great surprise, it being generally conceded that he was practically sure of election.

MISSOURI.

REPUBLICANS STILL HOPEFUL.

[BY THE NEW ASSOCIATED PRESS—P.M.]

ST. LOUIS, Nov. 6.—Up to midnight the returns from the State at large were very meager, owing to the operation of the new and untried election law, the unusually heavy vote, and the fact that the counting of the constitutional amendments was to be done first. Nothing definite as to the result of the vote on State and local tickets could be had at that time, but it was known, however, that the entire Democratic Congressional ticket was elected: W. S. Cowherd, Fifth; Champ Clark, Ninth; James A. Seventh; James T. Lloyd, Eighth; Charles F. Cockran, Fourth.

Thomas G. Aikens, chairman of the Republican State Committee, claims that the county chairmen of Buchanan, Nodaway, Green and Lawrence counties had received enough returns to indicate that McKinley and Fleming, for Governor, had carried those counties, he said, showed large gains over the vote cast in 1896 of 400 to 10,000.

Chairman Aikens continued: "The remaining counties in the State, with similar gains, and St. Louis, Kansas City and Kansas City roll up their usual Republican majorities, I can see no reason why our State and national ticket should not be successful. I believe that the sentiment in the State is to re-elect the entire Republican State and national tickets in Missouri."

Twenty-five precincts in the city out of 332 give Bryan 5134, McKinley 2946; Dockery (Dem.,) for Auditor, 5137; Perry (Rep.,) 2864.

DOUBTFUL COUNTIES.

[BY THE NEW ASSOCIATED PRESS—P.M.]

ST. LOUIS, Nov. 6.—Chairman Gilbert of the Democratic County Committee stated that enough returns from counties had been heard from to indicate the election of Bryan and Dockery for Governor by good majorities; that the Democrats would control the Legislature and elect a Senator, and possibly fourteen out of the sixteen Congressmen.

VIRGINIA.

MAJORITY FOR BRYAN.

[BY THE NEW ASSOCIATED PRESS—P.M.]

RICHMOND (Va.,) Nov. 6.—Full and estimated pluralities give Virginia to Bryan by upward of 15,000.

DELAWARE.

THE LEGISLATURE.

[BY THE NEW ASSOCIATED PRESS—P.M.]

WILMINGTON, Nov. 6.—While scattering returns only have been received from the country districts, the Democrats are confident that they have carried a majority of the Delaware legislature.

NEBRASKA.

SAID TO BE REPUBLICAN.

[BY THE NEW ASSOCIATED PRESS—P.M.]

CHICAGO, Nov. 6.—Henry C. Payne has received the following telegram from Assistant Secretary of State McKeldjohn at his home in Cleveland, Neb.: "The Democrats concede Nebraska to McKinley by 1000."

FUSIONISTS ENCOURAGED.

[BY THE NEW ASSOCIATED PRESS—P.M.]

OMAHA, Nov. 7.—At 2 o'clock a.m. 235 precincts had been heard from, and with the later returns coming in, which encourage the fusionists, who claim that Bryan will carry the State by a small plurality. They also indicate that the early gains reported for McKinley will be materially reduced by returns from the agricultural districts.

Some change has also been made in the Legislative returns from Douglas county, which has the largest Republican delegation in the State, and has always been Republican. Late reports from ward precincts are said to be in favor of the fusionists and they claim enough to elect at least a part of their candidates for the two houses.

WEST VIRGINIA.

DEMOCRATIC LEGISLATURE.

[BY THE NEW ASSOCIATED PRESS—P.M.]

CHARLESTON (W. Va.,) Nov. 6.—Indications are that McKinley carried the State by 5000, and that the Republican State ticket is probably elected, while the Democrats will have a majority on joint ballot in the Legislature.

"COME AND VOTE"

The Retort of a Pretty Mexican Senora.

Humors and Excitement of Election.

Scenes and Events in Los Angeles—Crowds Around Times Bulletins.

Oh, the fatigue of a woman!

She was a pretty Mexican señora, fair and fat, a good Republican by the signs of prosperity in her figure, but pushing the polls of a Democratic stronghold on Third street yesterday.

"Come and vote," they called to her, going by.

She threw the sparkle of a laugh back over her shoulder, but was not tempted.

"Come and vote," they called again.

She was very fair, indeed.

"Do I also get much beer?" she asked, innocently.

And the shot hit home.

The greatest jab came to H. Gaylord Wilshire, the apostle of the billboards.

Before the voting began yesterday, Mr. Wilshire revoled in the sweets of a great and sweeping victory. He only lacked a vote or two to make it unanimous.

To cheer his heart, he had plastered all over his billboard shop, large placards impudently proclaiming that:

"Wilshire wins, hands down."

Mr. Wilshire, as the balloting went on, decided to give the voters a real treat. He got him his automobile and did the most impressive air, and made a tour of the town. He made a real hit.

Even at a polling place on East Second street a man in his shirt sleeves came out to the edge of the sidewalk and glared at the gentleman who wants Hearst him to be the ice man.

At last he asked, apparently deeply puzzled, of a man standing near him:

"Say, what is —— is that?"

"That's the dog catcher," said the other man coldly.

A chill crept over Wilshire, blighting the countenance of Wilshire, but only for an instant, and then the man in shirt sleeves was going over-struck at the disappointment through on the back of the automobile.

Now, wasn't he a rude man?

Some day he might be glad to tell his grandchildren about his knee and tell how he got a sweet smile and a kind word from a great man.

Maybe Fate came knocking at our door, and we knew her not.

IN GENERAL PARK.

The Wilshire constituency at the polls last night missed him sadly. Even in Central Park, while he was absent, both the "issues of the day" appeared lonely and neglected and out of place.

Even a Times reporter happened on the scene where old men were seduced to discussion of the mooted question how the world is headed and lighted with gas or not.

Some who contended that such is not the fact had the best of the discussion. He didn't offer any substitute for fact. Presumably it is generally supposed to be Wilshire.

The arguments were powerful.

"When you go up on top of a mountain," he said, "it gets colder. That shows that the sun does not heat the earth."

It is no use bothering with the other side's arguments, because any one can see the old man is right.

IN THE EIGHTH.

Even in the "Bloody Ate" yesterday there were two candidates more in evidence than any of the others. One was in process of being elevated in order to a proud pinnacle, and the other wasn't.

Either of them sat on the edge of a bench in the most doubtful precinct, with his feet, and tore little pieces of paper to bits. And between times he consulted.

The face of the counsel was damp and anxious.

Others stood around the edges and discussed things without saying much.

Shortly before the polls closed at 5 o'clock in the afternoon one of the men was sitting in a buggy with his name in two-foot letters. He was smoking a good cigar and admiring the beauty of a girl who sat with her nose in the air.

The other candidate was standing in the middle of the street, red and perspiring.

He was talking with a little, old man, who seemed to hang on his every word. His face was the face of a man condemned to death.

Across the polls stood men in red and yellow ribbons, and a general spirit of agitation. Down in "De Ate" the politics, besides being the joy of a few, is also a deadly serious affair.

THE RUSTLERS.

As the polls got ready to close, the workers would go tearing down the street sometimes at a full gallop, with the streamers fluttering out behind in the wind, and the men with the badges would count noses and depart hurriedly. "Where is Mr. Blank of Blank street, and the man who sat in the watching tower behind the blown rose and spoke apologize humbly because he had gone out on the desert prospecting weeks before, and was not here for voting.

Never before, since Los Angeles has been a city that mattered in map-making has there been such an election.

Never has there been one in which excitement has been taken, yet never one so quiet. The voting began very early. The precinct in which 150 votes out of 225 had been cast before half-past three, was a fair sample.

Over in front of the polling place in one of the Bryan precincts, stood a lone manager with junk fastened onto his coat lapel.

"Is Bryan going to get there?"

He considered the matter, watching the end of his cigar, and the question out of the corners of his eyes.

"No," he said slowly, "he won't be elected, but." (Jamming the cigar into his mouth with an air of comfort), "we have reason to."

And everywhere a reporter went this answer was sure to come. "How's New York going?"

The reporter is supposed to be equipped with a private telegraph line connected with all parts of the civilized globe. He must know how New York is going to vote an hour before New Yorkers themselves knew.) "Oh!"

A RIOT OF JOY.

As the night, the city belched forth noise.

Even in the gayest carnival days of Fiesta have there been such crowds and mobs of humanity. From 7 o'clock until past midnight, the streets were one mad joyous riot. Marching down Spring street, it was a blaze of light. In the early part of the evening, the streets and sidewalks were all astir with the crowd hurrying to and fro in the eager search for places. Street cars came loaded down to the guards and clamoring to be let through the crush.

The downtown theaters were flooded till they fairly slopped over. At ten o'clock last night, one more person could not have been driven into the Orpheum with a sledge hammer.

Down the newspaper row, a wagon could have almost been driven over the heads of people for a block.

Half the night, traffic was completely dammed in front of The Times office. Even the police patrol, the "hurry-up wagon" had to plead with melting ding-dongs to be let through, until the crowd recognizing the exigencies of the situation, suddenly split into a lane as though by magic. The wagon went through, and behind it, the gap closed again.

A great inert mass of people, with its plunges and its surges, is one of the things that passes all description. They call it a "sea of faces," probably it is less like the sea than anything to which it might be compared.

Without disrespect to the righteous voting population of Los Angeles, it looks, standing in the ghastly half light of the streets, like a beef steak, such as is served cold at hotels. It is a great dark mass at the bottom, bordered with the rare edge, which is the face part of the crowd.

It was a great shapeless intelligence.

It was a great big thing that hollered for McKinley to beat the band—but not the siren whistle.

At intervals during the night, there would be a flare of red light from the turret of the Times Building, and for a moment, the turbid, rocking jellyfish of a thing, would be revealed as if by the raising of a curtain, as people.

Sometimes, there would be a moment of panic in the jam, and some one would be carried out in a faint. Then the crowd would turn back to election returns.

In front of the Times Building, was hung an enormous sheet of white canvas, big enough to wrap up a good sized cottage in. Upon this were thrown the bulletins as they came by special wire, by means of a stereopticon located in the second story of an office building across the street, the machine being operated by Arthur S. Perry, of the Vitascope Advertising Company, whose expert work was highly appreciated.

When good news was flashed on the sheet, a yell would burst over the crowd, with a curious tear as of something shut up, and coming out with a rip.

Then the Times cannon would boom out into the night with a roar and the eagle would scream good tidings for miles.

THE EAGLE'S MESSAGE.

What a lot of things the eagle had to tell last night!

It had to screech out comfort to the sick, fevered boy in blue, home from the wars, and tell him "Now don't fret that wound of yours open, old fellow, we are not going to haul the old flag down this time. No, indeedy."

It had to tell the wives that they need not worry over free-soup houses, and it had to tell the workman to go to bed and get sleep enough to go to work, for the job is going to be there waiting for him.

And lastly, it had to put one claw to its beak and remark generally to Messrs. Bryan, Aguinaldo, and the whole race of Boston aunties, "Nya, nya, nya."

Its scream went piercing into little grimy rooms and empty stores, pressed into service as voting booths, and set the men working over the returns wild with curiosity.

Toward midnight the crowds began to melt away and the streets began to be hilarious, with boys who marched lock-step down the street with a thousand kinds of noises, and men slightly the worse for wear and in argumentative mood.

CONGREGATIONAL CREED.

Movement to Do Away With It Instituted by the Ministers at Chicago. Committee Appointed.

[BY THE NEW ASSOCIATED PRESS—A.M.]

CHICAGO, Nov. 6.—The Tribune says a movement to do away with the creed which all ministers must now subscribe to before they can become members of the Congregational Association of Chicago, was instituted last evening at the semi-annual meeting of the association in the Leavitt Street Congregational Church.

The admission of Artemus J. Haynes, who asked that he be allowed to sign the revised creed of Plymouth Church instead of the old creed of the church brought up the question. The ministers decided to consider a revision of their constitution at the next meeting as a matter of general interest. Other ministers are seeking admission to the association who object to the creed. The revision of the constitution was referred to a committee of seven. This committee will frame amendments to the constitution and bring them before the association at the annual meeting next spring.

In addition to the question of creed, the revision of the constitution will include the question of lay membership in the association. A change in the rule which admits only pastors occupying pulpits to the association is considered. The privilege may be extended to secretaries of societies and other lay officials or generally to lay members of the church.

Trouble With Boiler-makers Threatens to Spread Over Entire Boston and Albany System.

[BY THE NEW ASSOCIATED PRESS—A.M.]

SPRINGFIELD (Mass.,) Nov. 6.—The strike of the boiler-makers at the Boston and Albany Railway shops, in West Springfield, threatens to spread to both ends of the lines. Within twenty-four hours it is expected that the company's shops in Boston and Albany will be called out as a consequence of the railroads' refusal to hold a conference with President John McNeill of the Brotherhood of Boiler Makers and Iron Ship Builders of America.

Fancy French Flannels.

"I have never seen such an assortment as this in any other Los Angeles store," said one lady yesterday. And she never will. If we should tell you how many new weaves, patterns, colors and quantities there were you would think the story almost too big. We will mention a few of the newest that came in yesterday.

Here are some beautiful new figured flannels, polka dots, fleur de lis, stripes, 2-color rings and 2-color leaf effects on grounds of old rose, cardinal, navy, scarlet, new blue, nile, lavender, black and many others; these are 75c.

New and exquisitely dainty colorings embroidered with silk dots.

Scotch flannels. We count the pieces and styles by the hundred. You can pay almost any price you care to, 25c to 65c, and all prices in between; black, colors, fancy stripes, pretty checks and little plaids.

Plain colors; 20 new shades, mind you, we say *new* shades; 65c the yard.

Outing flannels. Not the common, ordinary styles, but specially selected for their beauty of design and prettiness of color. Three grades, 7c, 10c, 12½c the yard, and we ask you to compare them carefully with the best qualities you can find hereabouts at that price.

Velona Cloths. Really a cotton eiderdown; very handsome and very effective for wrappers, house sacks and many other uses; 16⅔c the yard.

Handsome Flannel Waists.

The competition is sharp between the flannel department and the ready-made waists. It is a toss-up as to which you will decide on, the flannel by the yard or the waist ready made. Beautiful waists from $3.00 to $7.50. Hand embroidered effects; new hemstitched novelties, waists all over tucked and corded and many other new things.

Slumber Robes.

The handsomest thing we have ever seen for making bath robes; pretty gray or brown checks with handsome effective border that makes up for the bottom, collar and cuffs; only $1.50 the robe; cheaper than you can buy the material by the yard.

Fancy Blanket Robes.

These are the very finest we have, suitable for gents' smoking jackets and house coats, and how much nicer it is to make a Christmas gift of this kind yourself than it is to buy it ready made. And how much prettier effect you can get for less money. These robes go at $7.50 and $8.00 each. You should see them.

CITY AND COUNTY OF LOS ANGELES.

Estimated Republican Majority in the County Over Four Thousand.

McLachlan Falls Behind Five Hundred or Thereabouts—Indications That Trask, Dem., is Elected Superior Judge.

THE vote-counting was a slow process in Los Angeles last night, but a little more rapid than two years ago, there not being so many names on the ticket.

At 3 o'clock a.m., returns had been received from eighty city precincts out of ninety. These gave McKinley, 8811; Bryan, 6600. For Congress, McLachlan, 8644; Graves, 8722; Wilshire, 1710. For judges of Superior Court, York, 7261; Valentine, 6502; Trask, 8874; Conrey, 7875; Munday, 6397.

McKinley's plurality in eighty precincts, 2211.

Trask, Democratic candidate for Superior Judge, runs ahead of his ticket in nearly every precinct. Although the returns are incomplete, his friends are confident of his election.

Hanley, Democratic candidate for Supervisor, fell behind generally.

At 1 o'clock this morning Secretary McOsavin of the Republican County Central Committee gave out the following estimate of the result of the election in Los Angeles county:

"McKinley has 4500 majority.

"McLachlan, 4000.

"Republican candidates for Supervisors and Superior Judges believed to be elected."

Others were not so confident regarding the judges.

Judge York at 1 o'clock had scored a mighty majority, but it looked very doubtful for Mr. Valentine. Mr. Valentine said that he would not abandon hope until he heard the returns in full.

Trask now has a lead of 1500 over Valentine, and is probably elected.

Four years ago Los Angeles city gave McKinley 9322 votes for President, and Bryan 9755. The county vote was 16,082 for McKinley and 16,082 for Bryan. Two years ago the city gave Waters (Rep.) for Congressman 8462 votes, and Barlow (Dem.) 6962. The county gave Waters 6804 and Barlow 8152.

ENTHUSIASTIC CONVERTS.

There Are Thousands of Them Who Believe as This Woman Does.

Mrs. Ira Knowlton of Butte, Montana, is a most enthusiastic convert to the virtues of Stuart's Dyspepsia Tablets as a cure for obstinate stomach trouble. She says: "I had poor digestion nearly all my life. It now seems to me that for years I never knew what it was to be hungry, to have a good natural appetite.

"I was troubled with gas in stomach causing pressure on the heart with palpitation and short breath. Nearly everything I ate soured on my stomach, sometimes I had cramps in the stomach, which almost resembled spasms.

"Doctors told me I had catarrh of the stomach, but their medicines would not reach it and I would still be a sufferer had I not, in sheer desperation, decided to try Stuart's Dyspepsia Tablets.

"I knew they were an advertised remedy and I didn't believe anything I read about them as I had no confidence in advertised remedies, but my sister living in Pittsburg wrote me last spring telling me how Stuart's Tablets had cured her and her little daughter of indigestion and loss of flesh and appetite and I hesitated no longer.

"I bought a fifty cent box at my drug store and took two of the large tablets after each meal and found them delightful to take being as pleasant to the taste as caramel candy. Whenever during the day or night I felt any pain or uneasiness in the stomach or about the heart I took one of the small tablets and in three weeks it seemed to me as if I had never known what stomach trouble was.

"I keep Stuart's Dyspepsia Tablets in the house and every member of our family uses them occasionally after a hearty meal or when any of us have a pain or ache in the digestive organs."

Mr. E. H. Davis, of Hampton, Va., says: "I doctored five years for dyspepsia, but in two months I got more benefit from Stuart's Dyspepsia Tablets than in five years of the doctors treatment."

Stuart's Dyspepsia Tablets is the safest as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, bloating after meals, sympathetic heart trouble.

Stuart's Dyspepsia Tablets is not a cheap cathartic but an active digestive remedy containing the pepsin and diastase which every weak stomach lacks and they cure stomach troubles because they digest the food eaten and give the weak, abused over-worked stomach a chance to rest and recuperate.

Stuart's Dyspepsia Tablets are sold in every drug store in the United States, Canada and Great Britain.

FOUND DEAD IN HER ROOM.

Mrs. Adelaide Churchill's Sudden Death.

Case of Asphyxiation or Heart Disease.

Chinese Slave Girl Kidnaped. Fire at Alameda—Kjarven in a Gale.

[BY THE NEW ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, Nov. 6.—Mrs. Adelaide Churchill, mother-in-law of Jas. F. Caldwell, the well-known starter of the Oakland race track, was found dead in her room this morning. Whether she died of heart disease or asphyxiation will be determined at the autopsy.

Mrs. Churchill's body was found on the floor of her room. The deceased was in her night dress and the body lay near the window. Two matches were found in her hand. The gas was partly turned on. The fixture was loose, and on trying it the deputy coroners found that the light was extinguished without the gas being fully turned off.

The deputy coroners think that Mrs. Churchill noticed the odor of gas and got up to see what was wrong when she fell, overcome by the gas or heart disease. A book was found upon the bed, showing that the deceased had been reading before the light was turned out.

KJARVEN IN A GALE.

UNABLE TO UNLOAD CARGO.

[BY THE NEW ASSOCIATED PRESS—A.M.]

SEATTLE, Nov. 6.—The Norwegian steamship Kjarven, Capt. Kanlts, plying as United States transport between Seattle and Nome, arrived from that port last night. Owing to the gales which swept Bering Sea from October 20 to October 22, the Kjarven was unable to discharge more than two-thirds of her cargo. She returned with 700 tons of coal and a boiler shipped north to be placed in the Government river steamer Jeff Davis, formerly known as the Duchesnay. It was found practically impossible to discharge the huge piece of machinery. During her effort to get the coal ashore at Nome, the Kjarven lost two scows.

BLAZE AT PHOENIX.

PAINT STOCK GOES UP.

[BY THE NEW ASSOCIATED PRESS—P.M.]

PHOENIX, (Ariz.) Nov. 6.—Fire starting in J. Q. White's oil and paint stock tonight destroyed the Dalton building on First avenue. The loss on the stock and building will approximate $9000. Dynamite was used to save the adjoining buildings.

NO DUTY ON SHEATHING.

DECISION OF JUDGE MORROW.

[BY THE NEW ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, Nov. 6.—United States Circuit Judge Morrow has reversed the decision of the Board of United States General Appraisers in the matter of the duties on yellow metal sheathing used on the Alden Besse. In his opinion, Judge Morrow said:

"It could hardly have been intended by Congress to permanently exclude from the coastwise trade for ten months in the year a vessel built in the United States, because it had used in the construction or equipment, free of duty, some foreign material the life of which was of short duration, and which had become worthless."

The court decided that the duty need not be paid.

FIRE AT ALAMEDA.

FINE BLOCK IS DESTROYED.

[BY THE NEW ASSOCIATED PRESS—A.M.]

OAKLAND, Nov. 6.—One of the finest business blocks in Alameda was destroyed by fire at 1:30 o'clock this morning. The flames started in the coal yard of Bruns & Struns, at No. 1233 Park street, and spread rapidly to the adjoining building. The structures from Nos. 1234 to 1242 were totally destroyed. The Fisher building on the south was damaged and the Stefenson Block on the north was gutted. The loss is estimated at $25,000, and is partially covered by insurance. The origin of the blaze is not known.

TRANSPORT MISSING.

HAD HORSES FOR CHINA.

[BY THE NEW ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, Nov. 6.—No word had been received here from the British steamer Samoa, which sailed from this port for Taku on September 26.

The Samoa is under charter to the German government and has on board 300 horses for the troops in China. Two days after leaving here she returned to port, having had trouble with her machinery, and shipped a new crew for the engine-room. Three other German transports, which left here some time after the Samoa, have already reached China.

ORIENTALS TO VOTE.

IN THE CANADIAN ELECTION.

[BY THE NEW ASSOCIATED PRESS—A.M.]

VANCOUVER (B. C.) Nov. 6.—Five thousand Japanese and Chinese who have been naturalized during the last year may vote at the Dominion election in British Columbia on December 7. The Conservatives of Vancouver have obtained legal opinions that Japanese are entitled to vote just as soon as their naturalization papers are made out.

A telegram received from David Mills, Canadian Minister of Justice, admits the general contention that the Japanese may vote, but suggests that the election returning officers in each case take competent legal advice in their own localities and act upon that.

SLAVE GIRL KIDNAPED.

CHINESE TAKEN FROM REDDING.

[BY THE NEW ASSOCIATED PRESS—A.M.]

REDDING, Nov. 6.—Owy, a 17-year-old Chinese slave girl of Wolverville, was slipped out of Redding during last night on the train by two Chinamen, who, it is claimed, had kidnaped her. The direction they took is unknown. They probably went to Portland.

GERMANY'S TARIFF.

Russia Will Not Interfere With the Kaiser's Conduct of Domestic Affairs.

[BY THE NEW ASSOCIATED PRESS—P.M.]

ST. PETERSBURG, Nov. 6.—[By Atlantic Cable.] Referring to the report that Russia and America had agreed to warn Germany against fulfilling the ultra-Agrarian demands regarding the grain tariff, the proper authorities in the finance ministry informed the correspondent of the Associated Press today that Russia does not intend to interfere with Germany in the conduct of her domestic matters. Russia, he added, will not notice the tariff legislation officially until it is enacted and commercial treaty negotiations are begun. It is possible Germany will establish maximum and minimum rates. The discussion of this point has hitherto been academic. In any case Russia will calmly wait, as she is not afraid of a tariff war with Germany.

CHAMBERS OPEN AT PARIS.

Brief Session of Senate—Deputies Engage in Lively Discussions.

[BY THE NEW ASSOCIATED PRESS—A.M.]

PARIS, Nov. 6.—[By Atlantic Cable:] The Senate reopened its session this afternoon, with M. Fallieries presiding. After a very brief and uninteresting session adjournment until Thursday was taken.

In the Chamber of Deputies there was a lively scene previous to the formal opening. On all sides were groups of deputies discussing the probable programme of the government concerning many interpellations. The president of the chamber, M. Deschanel, presided. The galleries were crowded.

After the preliminary business, M. Waldeck-Rousseau explained that the government would not delay action on the various interpellations, but he warned the chamber that if the deputies did not select important interpellations, dismissing others, the entire session would be occupied with interpellations, to the detriment of necessary important legislation.

The chamber then voted to proceed with the interpellation of M. Vazille, Radical Socialist, on the general policy of the government. The premier explained that the government desired the discussion of a few reform measures, of immediate interest, simultaneously with the budget discussion. These reforms, he explained, were a law to reduce the tax on alcohol, old-age pensions, official arbitrators for labor disputes, and the reform of courts-martial.

M. Ribot, Republican, former premier, called attention to the differences in the statements on social matter between M. Millerand and M. Waldeck-Rousseau. In so doing, M. Ribot said he was surprised that M. Millerand could continue in the Cabinet in view of M. Waldeck-Rousseau's declarations against socialism.

M. Millerand replied warmly to M. Ribot. He declared he maintained his opinions but he explained the members of the ministry had joined together on a platform to which they could all adhere, setting aside opinions of a secondary nature which might create discord. M. Millerand added that they would find, when the government's bill to arbitrate strikes was fully explained that its provisions were such as to win the support of the entire Republican majority.

RUSSIA'S NEW NAVY.

American Ship Builders to Receive Orders for Five Battleships During the Next Year.

[BY THE NEW ASSOCIATED PRESS—A.M.]

NEW YORK, Nov. 6.—Russia is to place orders with American ship builders for five new battleships during the next year. Secrecy seems to be the order with those in a position to give information, but the bare fact that in prosecuting her naval construction programme Russia will favor American builders, comes from an authentic source, according to Joseph Spencer Kennard, one of the commissioners from this country to the Paris Exposition, who has arrived here on the steamship Touraine.

Contracts for five battleships will involve more than $30,000,000, and the fact that Russia contemplates placing these orders here is regarded as a recognition of the merits of the American-built Variag, which, designed to make a speed of 23 knots, showed herself capable in her speed trials of maintaining a speed of 24.6 knots. Now being pushed to completion by the Cramps, who built the Variag, is the battleship Retsvian, the largest battleship built here for a foreign country. She was launched October 23.

MONITORS TO LAY UP.

Warships Will Stay at Cavite Because of Ill Health of the Officers and Men.

[BY THE NEW ASSOCIATED PRESS—A.M.]

NEW YORK, Nov. 6.—Because of impairment of the health of the officers and men assigned to duty on the monitors Monadnock and Monterey, it is probable, according to a Herald dispatch from Washington, that the Navy Department will direct that the vessels be laid up in ordinary at Cavite.

The latest officer ordered before a retiring board as a result of service on the Monadnock is Capt. E. T. Strong. Every commanding officer of the monitor since she has been stationed in the Far East has experienced ill effects from serving on such a hot ship. After serving on board six months, Capt. Nichols suddenly died from heat exhaustion. Capt. John McGowan, who succeeded Capt. Nichols, was invalided home last spring and Capt. Strong was sent to command the Monadnock in May.

CHILE WANTS PEACE.

South American Republic to Reduce Her Navy and Depend Henceforth on Arbitration.

[BY THE NEW ASSOCIATED PRESS—A.M.]

NEW YORK, Nov. 6.—A dispatch to the Herald from Valparaiso says the significant announcement is made, in view of the reported agreement of five South American republics to apply arbitration in settlement of their disputes, that Chile is about to reduce her navy.

The government will sell one third-class cruiser to Ecuador and another to Peru and two torpedo-boat destroyers to Japan.

The fact that one of the warships will be sold to Peru, which is one of Chile's opponents in the Tacna-Arica dispute, gives additional weight to the declaration that a settlement of the controversy will be effected soon.

Report on Operations for Relief of Peking.

Russia's Reply on Anglo-Germanic Agreement—Warships at Canton.

[BY THE NEW ASSOCIATED PRESS—A.M.]

LONDON, Nov. 6.—[By Atlantic Cable.] The Gazette tonight prints Gen. Gaselee's dispatches to the Secretary of State for India, referring to the operations for the relief of Peking, and Gen. Dorward's report of the operations about Tien-Tsin. Gen. Gaselee mentions two Americans who "gallantly supported our fighting line, viz: Maj. Quinton and Capt. J. R. M. Taylor," both of the Fourteenth United States Infantry.

Gen. Dorward's report contains little that is new, but relating to the withdrawal of the Ninth United States Infantry, after it had suffered so heavily in the attack upon Tien-Tsin, says: "I would specially bring to notice the conduct of Maj. Jesse Lee, during retirement. In him the regiment possesses an officer of exceptional merit. Among many instances of personal bravery during the action, I would specially bring to notice the conduct of Capt. Smedley D. Butler, United States marines, in bringing a wounded man in from the front under a heavy and accurate fire.

"Butler was wounded while so doing, and was himself carried out of the firing line by Adjt. Leonard, who, I regret to say, was dangerously wounded in so doing.

"Capt. Lawton, of the Ninth United States regiment, brought me the news of their condition under a heavy fire. When returning, and guiding the reinforcements of his regiment, he was severely wounded."

ST. PETERSBURG, Nov. 6.—[By Atlantic Cable.] The text of the Russian reply to the Anglo-German agreement note is published.

The first point, providing for open ports on the rivers is favorably received, as it does not alter existing treaties.

The second point is all the more in harmony with Russia's intentions, as the integrity of the celestial empire is the fundamental principle of Russian policy.

As regards the possibility of a violation of this principle, in the third article, Russia refers to her note of May 25, and repeats her declaration that such violence would compel Russia to modify, as circumstances might require, the attitude she has taken.

[BY THE NEW ASSOCIATED PRESS—A.M.]

RAS JIBUTIL, Nov. 6.—[By Asiatic Cable.] The Dutch cruiser Gelderland, with Ex-President Kruger on board, has arrived here. She has been directed to await instructions from The Hague at Port Said, with regard to Kruger's landing in Europe. The Gelderland will stop here three days.

Kruger, who is in excellent health, rejoiced greatly at the news of the recent Boer successes. "May they fight without remission," he exclaimed energetically. "That is what we ask."

Throughout the voyage Kruger's health, except for some trouble with his eyes, was excellent. He will travel incognito and will not land until he reaches Europe.

CRUSH REBELS IN A HURRY.

Special Instructions to Gen. MacArthur.

Troops to Be Gathered in Strong Forces.

Taft Sends a Message from Buencamino—Deaths of Soldiers.

[BY THE NEW ASSOCIATED PRESS—A.M.]

NEW YORK, Nov. 6.—Secretary Root found it necessary some days ago to issue special instructions to Maj.-Gen. MacArthur, Governor-General of the Philippines, regarding the conduct of the campaign in Luson, says a Washington dispatch to the Herald.

These instructions were due to dissatisfaction over the successful operations of the Filipinos. Gen. MacArthur's policy was to scatter the troops over a wide range of territory, carrying out in this way the policy initiated by Gen. Otis. Filipinos have assembled in sufficiently large numbers to make vigorous assaults upon American garrisons, who in some instances suffered distinct reverses.

The War Department is understood to have directed Gen. MacArthur to prevent further successful operations by collecting his troops in sufficient force to destroy any bands with which they may come in conflict. No important insurgent operations have occurred for some days, and it is believed the execution of the department's instructions is responsible for this.

Gen. MacArthur's friends say he is handicapped by the absence of troops in China, but the Fourteenth Infantry left Taku on Saturday for Manila. Other regiments will follow and Gen. MacArthur will have about seventy thousand men with which to inaugurate a campaign against the insurgents.

Adjt.-Gen. Corbin has received from Judge Taft, president of the Philippine Commission, a dispatch forwarding a message from Señor Buencamino, formerly secretary of foreign affairs in Aguinaldo's cabinet. The message was telegraphed to the President.

It is understood that Señor Buencamino, besides unreservedly accepting American sovereignty, submits a proposition to organize a force of Filipinos to make war upon the supporters of his former chief.

[BY THE NEW ASSOCIATED PRESS—A.M.]

NEW YORK, Nov. 5.—The Rev. Dr. John Wesley Brown, the rector of St. Thomas Protestant Episcopal Church in this city and one of the best-known clergyman on the Atlantic Coast, is dangerously ill and his family is unwilling to speak freely concerning his condition. He had a church at Middleton, Del., and went thence to Trinity Church, Philadelphia; Christ Church, Detroit, Mich.; Trinity Church, Cleveland, Ohio; and St. Paul's Cathedral, Buffalo, where he staid six years and nearly trebled the income of the cathedral.

Many fashionable weddings have taken place at St. Thomas since he has been rector, including those of Miss Consuelo Vanderbilt and the Duke of Marlborough, Miss Pauline Whitney and Almeric H. Paget and Miss Clark (daughter of Senator W. A. Clark) and Dr. Morris.

Reports of Republican Triumphs.

Rejoicings in the Citrus Counties.

San Bernardino, Riverside and Orange All Right—Monterey Democratic.

[BY SPECIAL NEW ASSOCIATED PRESS—P.M.]

SAN DIEGO, Nov. 6.—Reports from all over the county indicate that a very full vote was polled except in two or three small precincts. Twenty-six precincts complete out of ninety in the city and county give McKinley 500 majority. Needham for Congress is running well ahead and has 320 majority in these precincts. In the Seventy-ninth Assembly District Barnes (Rep.) is elected and Stewart (Rep.) is elected in the Eighteenth District. Dancy (Rep.) for Superior Judge is defeated by Conklin (Dem.) Republican Committeemen Hardy at 10 o'clock tonight estimated McKinley's majority in the county at from 600 to 800. He placed Needham's majority at from 700 to 900. Later returns received after midnight show that McKinley will carry the county by about six hundred majority and Congressman Needham will have a majority of about 700 over Metson. T. W. Barnes (Rep.) has been elected by about 600 majority in the Seventy-ninth Assembly District, and C. B. Stewart (Rep.) by about 500 majority in the Eighteenth District. At this hour the Superior Court judgship fight between Superior Dancy (Rep.) and M. B. Conklin (Dem.) is still unsettled. In 1896 the county went for Bryan by about 800 majority.

RIVERSIDE COUNTY.

[BY SPECIAL NEW ASSOCIATED PRESS—P.M.]

RIVERSIDE, Nov. 6.—[Exclusive Dispatch.] The Republicans of Riverside county made a splendid showing at the polls today. At 11:30 returns from thirty-two precincts, including all but four or five of largest precincts in the county, give McKinley 600 majority, Needham for Congress 300 majority, Bledsoe for Superior Judge, a majority of 324 over vote of his opponent, Dancy, 686 for Bryan, a Republican gain of 324 over vote of 1896. McKinley will carry the county by about 1000 votes. Needham for Congress from the Seventh District will have a majority in the county approximating 1200. The entire county ticket, except Noyes for Superior Judge by about 400 and Millice by about 500. The county will give Caldwell for State Senator about 1200 majority. The city of Riverside will give McKinley 600 majority.

THE MAJORITY.

Twenty-eight precincts out of forty-seven in Riverside county give McKinley 2351, Bryan 1651. The county will give McKinley not less than 1150 majority. There is a clean sweep for the Republican nominees. Judge Noyes was given an enthusiastic reception at his residence at midnight by hundreds of voters, who marched up Main street, headed by a band.

ORANGE COUNTY.

[BY SPECIAL NEW ASSOCIATED PRESS—P.M.]

SANTA ANA, Nov. 6.—Returns from eleven out of thirty precincts give McKinley 877, Bryan 655. Twelve precincts out of thirty give Needham for Congress (Rep.) 741; Crichton, 536. Eleven out of thirty precincts give Caldwell (Rep.) for State Senator, 749; Hinkley (Dem.) 565; Hasson (Rep.) for Assembly, 807; Spurgeon (Dem.) 542.

COUNTY ESTIMATES.

Chairman West of the Republican County Committee estimates the county will go Republican from 300 to 400, Needham (Rep.) for Congress will have a majority of 400. Caldwell will run Reserve for State Legislature by 100. Hasson will beat Spurgeon for Assembly by 200. Editor Norton of the Standard concedes the county to Republican candidates, but by less than two years ago.

SANTA ANA COMPLETE.

The great majority of votes in this county today was cast before noon, showing that people were anxious for an opportunity to roll up a majority for McKinley and prosperity. At ten o'clock the Democrats began to leave the courthouse, where the returns were being received, the news being overwhelmingly Republican. Then the immense audience was left almost wholly of Republicans and cheers following the reading of returns were almost deafening. The city of Santa Ana complete gives McKinley 1082, Bryan 822; Needham for Congress 854, Caldwell 582, Reserve for Assembly 548; Spurgeon 542.

Twenty-six precincts out of a total of thirty in the county, the Republican majority is as follows: For Congress, McKinley 1082, Bryan 822; Needham (Rep.) for Congress, 1145; Crichton (Dem.) 841; Caldwell (Rep.) for the Senate, 1062; Reserve (Dem.) 926; Assembly, Bennink (Rep.) 940, Swing (Dem.) 1024. Figuring by comparison with the vote four years ago McKinley will carry the county by five hundred and Needham will carry the county by about six hundred.

A conservative estimate of McKinley's majority in this county at midnight is 550. His majority in 1896 was 73. Needham will carry the county by 750 majority. Returns from 37 precincts out of 63 will give Benjamin F. Bledsoe, Democratic candidate for Superior Judge, a majority of 36. The remaining precincts are small and easily estimated. Bledsoe's election is certain. The vote in the First Supervisorial District is close, with a probability of the election of West (Dem.) In the Fifth District, John D. Clark (Rep.) is elected by an estimated majority of 76 votes. C. G. H. Bennink (Rep.) will probably be elected Assemblyman by a small majority. Glover (Dem.) is elected Supervisor in the Third District. A. A. Caldwell, Republican candidate for the Senate has carried the county by an estimated majority of 400.

LATER.

SAN BERNARDINO (Cal.), Nov. 6.—Thirty-two precincts heard from out of 62 in the county give McKinley 1622; Bryan 1553. Needham (Rep.) Congress, 1722; Crichton (Dem.) Congress, 1472. Estimating majorities by comparison with the vote of four years ago, McKinley will carry the county by 800, and Needham by 750. Swing (Dem.) for Assembly, is probably elected by a small majority. The Superior Judgeship is in doubt.

FORTY-ONE PRECINCTS.

Forty-one precincts out of sixty-two give McKinley 2785, Bryan 2014. Needham runs ahead of McKinley. Bennink (Rep.) for the Assembly is elected by a small majority. The remaining precincts to hear from will reduce majorities about 150 votes. Bledsoe (Dem.) is probably elected Judge.

REDLANDS VOTE.

The total vote of the five precincts of Redlands gives:

McKinley	736
Bryan	240
McKinley's plurality	496
FOR CONGRESSMAN:	
Needham (Rep.)	742
Crichton (Dem.)	325
Richards (So. Dem.)	55

KERN COUNTY.

[BY DIRECT WIRE TO THE TIMES.]

BAKERSFIELD, Cal., Nov. 6.—[Exclusive Dispatch.] In the Kern county precincts so far counted, McKinley has received a total of 1074 and Bryan 1107. Needham for Congress 975, and Crichton 867, Dale (Rep.) for Assemblyman, 981; Laird (Dem.) 1092. The remaining precincts are Democratic naturally and they will swell Bryan's majority to 250 probably, and Laird's to 400. The way in which Needham is running will possibly enable him to even things up with his opponent, and it will not be surprising if later returns show that he has carried the county by a narrow margin. He failed to do so two years ago by 57. The contest for Supervisors has resulted in phenomenal majorities for Jastro and Bottoms, (Dem.) in the Fourth and Fifth Districts, they receiving about four-fifths of the votes of their respective constituencies. Kelly, of Randsburg (Dem.) has also been elected. The city of Bakersfield has given a majority of forty-seven for the Republican nominee for President as against four in the election of four years ago.

Randsburg gave McKinley ninety-three, Bryan 294. For Congress, Needham (Rep.) 82; Crichton (Dem.) 257. Forty men failed to vote for the head of the ticket.

SANTA BARBARA COUNTY.

SANTA BARBARA, Nov. 6.—Up to midnight the returns have come in from sixteen of the thirty-one precincts of the county showing a general Republican victory. McKinley will carry the county by about 600 majority and McLachlan by 375. Greenwell (Rep.) for State Senator will defeat Sheridan by 250. Merritt (Rep.) for Assemblyman will have 100 plurality over Kellogg, and Williams, Democratic. The First, Fourth and Fifth Supervisoral districts will be very close. The First is conceded to be Democratic. The two precincts of Santa Maria in the northern part of the county show a small majority for McKinley as against 25 majority for Bryan in 1896. Many outlying districts cannot be reached before tomorrow.

The city of Santa Barbara votes as follows: McKinley 736, Bryan 494; McLachlan 602; Graves 477. Kellogg (Ind.) for Assemblyman 267; Williams (Dem.) for Assemblyman 286; Merritt (Rep.) for Assemblyman 723. State Senators, Sheridan (Dem.) 437; Greenwell (Rep.) 569.

SANTA PAULA.

Santa Paula complete gives McKinley, 235; Bryan 230. McLachlan (Rep.) for Congress 224; Graves (Dem.) 215; Wilshire (Socialist) 21. Greenwell (Rep.) for Senator 227; Sheridan (Dem.) 218. Clarke (Rep.) for Assembly 230; Shepherd (Dem.) 181. Same precincts gave Bryan 71 majority in 1896.

THE NORTHERN COUNTIES.

A telephone message to The Times at 2 o'clock a.m., said Bryan would have about 240 plurality in San Luis Obispo county and Graves 400, and that the result in Monterey county would be about the same.

First Publishers of Chaucer.

[New York Post:] The first collected edition of Chaucer's works was published by Pynson, who issued the first of the three parts in 1526. In 1532 there followed an edition by Thynne, and others appeared in 1561, 1598, 1602 and 1687, to say nothing of that which came from the house of Lintot in 1721, which had the distinction, in the opinion of scholars, of being the worst ever printed. The name of Thomas Tyrwhitt is justly remembered in connection with Chaucer, and this by reason of the scholarly edition of the "Canterbury Tales," 1775-8, to which he added informative notes and a glossary. Not until Dr. Furnivall produced his six-text volume, in 1868, was Tyrwhitt's work, as a whole, superseded.

Chinese Language a Paradox.

[Lippincott's Magazine:] Paradoxical though it may sound, we are strictly within the limits of accuracy when we say that Chinese is, at the same time, the simplest and most difficult language in the world; most simple from the absence of those grammatical rules and inflectional forms which vex the student of European languages, most difficult because of the combination of different languages, and all known as Chinese. The "book" Chinese is never spoken, while the colloquial in written form would merit the supreme contempt of the average Chinese student and supercilious scholar.

POMONA.

Twelve hundred and forty-five votes were polled in Pomona city, and as the returns stood at 1 o'clock this morning, McKinley had 695 votes and Bryan 399, with the Republicans still gaining. Lordsburg gave McKinley 112 and Bryan 56; Claremont, McKinley 58 and Bryan 32. At midnight Pomona was wild with Republican enthusiasm, and an immense crowd was marching the streets, headed by the band of the Jessie Shirley Company, which is playing an engagement there.

MACHINE TYPE SETTERS

Said to Be Hard on Operators.

The work of a typesetter in a modern printing office is very exacting, particularly if he runs a linotype or typesetting machine. It requires the closest attention and rapid and sympathetic action of both brain and hand. This machine works much like a typewriter. Such workers fed on ordinary food give up because of nervous prostration, some in a short time, and some are able to stand it longer.

One of these workers says: "I have been at the linotype three years. It has made a great change in my once robust health. About three months ago, after long expecting it, I completely collapsed, from indigestion and extreme nervousness. The daily physic I had not dared to omit for years, now and then, refused relief and a physician was consulted.

"'Change of occupation and diet' read the prescription, 'advise eating Grape-Nuts food twice daily.' I had often set up the advertisements of the Postum Cereal Co., but somehow printers are apt to think advertisements are not intended for them to make use of. I could not well change my occupation, but did change the diet.

"Since then have used Grape-Nuts both at breakfast and supper, daily. The results are truly remarkable. The first perceptible change was in the matter of digestion. It has been six weeks since I have had to swallow an aperient of any kind. At the beginning of my experiment with Grape-Nuts I weighed 124 pounds; last evening I tipped the beam at 137½.

"My nerves, which were completely shattered three months ago, are now strong and steady, and I do not tire easily, though I go to bed an hour later on an average than formerly, and have increased my capacity at the machine fully two columns of type a day. I am convinced that Grape-Nuts food is the food for persons of sedentary occupation, especially for those who work with brain in lieu of brawn." Chas. H. Eckhard, 177 N. Chambers St., Galesburg, Ill.

M'LACHLAN'S CLAIM.

ESTIMATE OF HIS VOTE.

At James McLachlan's headquarters at 1 o'clock a.m., his managers claimed his election by 4500 plurality over Graves. Los Angeles county was claimed by 3500, Santa Cruz by 100, Santa Barbara by 200, and Ventura by 200. Monterey will give Graves about 100, it is said, and no returns were yet in from San Luis Obispo.

California a Land of Individuality.

[International Monthly:] Your California hero may be the chief of the Vigilance Committee of 1856, or some other typical and admired pioneer, growing old in the glory of remembered early deeds. He may be the railway magnate, building a transcontinental line under all sorts of discouragements, winning a great fortune, and dying just as he founds a university. But in all these phases remains the strong individual type of man that in a great democracy is always necessary. It is just this type that, as some of us fear, the conditions of our larger democracy in more Eastern regions tend far too much to eliminate. In California such individuality is by no means yet eliminated.

BUSINESS.

FINANCIAL AND COMMERCIAL

OFFICE OF THE TIMES.
Los Angeles, Nov. 7, 1900.

GOLD COMING. If there is no mistake in telegraphing the figures, there is $20,000,000 in gold coming here from Australia. But it probably should be $2,000,000. At any rate more gold is coming to the United States than has left it in the year. This is very surprising in view of the large loans made to Europe. It shows how large the indebtedness to this country is on account of the balance of trade.

COMMERCIAL.

SARDINES HIGHER. The price of large quarter mustard sardines is up 50 cents per case, making the price at the packing houses in Maine for sound lots $4. The same advance is made in quarters in tomato sauce.

SITUATION IN SUGAR. A New York letter to the New England Grocer says of the present situation in sugar: "The sugar situation doesn't improve from any standpoint, unless possibly the consumer is going to receive some benefit from the present conditions. There is a heavy increase of raws over the quantity refined, and there is now in hand sufficient to last some time. The gain during the past week has been almost 8000 tons. The only favorable point in the situation is the fact that very few sugars arrive unsold, showing that refiners made contracts long ago, and that practically everything which has come forward so far is merely deliveries on previously-placed contracts. Spot prices during the week have been well maintained, but for those which have arrived unsold lowest prices have been accepted. Demerara centrifugals for early November shipment are offered at equal and 4.56 cents per pound, while sugar from Europe will soon begin arriving which cost below 4¼ cents. These will be followed later by beet sugars costing parity of 4⅝ cents for centrifugals. Experts say that these conditions indicate an easier market in the near future and a further decline of ⅛ and ¼ cents a pound later in the season. There has been some weakness in European markets since the week-ago in American markets prevented the usual large orders from this side. The late favorable reports of the beet crop have had much influence in causing weakness. It is now estimated that the European beet crop will be 350,000 to 300,000 tons larger than last year. Cane sugars declined 18 cents for the week, and beet sugars are six cents lower in Europe. The parity is now 4.31 cents in New York. The recent reports indicate a heavy cane crop, and as that sugar will be coming to market before very long, a still lower market is anticipated. The refined market is practically unchanged. Soft grades, 2, 4, 7, 8, 9 and 13 are shaded 5 to 10 points, according to quantity, and a general decline is considered near, or as soon as lower-priced raws, already bought, are available. It seems that a hand-to-mouth policy of buying will be the rule for the present.

GENERAL BUSINESS TOPICS.

WAGES IN GREAT BRITAIN. In Great Britain a greater number of workmen had their wages raised in 1899 than in any previous year. This fact in itself is not so significant when one remembers that 1899 was a year of universal prosperity, but it is certainly a striking fact that the number in whose case the change was brought about by strikes was the smallest on record, amounting to only 2 per cent. of the whole number benefited by the change for the better. And it is also an especially prominent fact that strikes conduced to advance wages of less than 5 per cent. of the total number of persons affected since the revival in British trade. That over 1,000,000 workmen had their wages swelled in their favor during 1899, to an extent aggregating 115,000 shillings, furnishes an excellent comentary on the activity and remunerat'veness of employment in Great Britain's industries. The increase just noted compares with an advance of 85,000 shillings the previous year and 45,000 shillings for 1897. Furthermore, it is evident that this admirable record is to be maintained for most of 1900, as data to hand shows that for eight months of the year about 1,000,000 persons have been favorably affected by a rise in wages which aggregates 150,000 shillings weekly. The gain in mineral wages, which accounted for nearly half of the increase in 1899, was probably due to the high price of coal, but up to the end of August last the total advance this year in the wages of this class of laborers has been actually twice as great as the gain throughout the whole of 1899. Great Britain is not unlike ourselves in this respect, for recently-issued official statistics show that wages here were 3 per cent. higher in 1899 than 1898, earnings of workmen in 348 industries being comprehended. And, moreover, wages for 1900 are 2 per cent. higher than they were in 1899.

OUR SHIPPING INTERESTS. The Philadelphia Ledger digs an important lesson out of disaster, viz.: "The burning of three steamers at Hoboken crippled the great Christian Endeavor excursion to Europe. The loss of a few vessels in the Galveston disaster is a blow that will be felt by American commerce, and it is thought that the impossibility of securing enough transports to carry the cattle will prevent Philip D. Armour from filling the order of the Russian government for 6,000,000 pounds of beef 'on the hoof.' American commerce has reached a point where its facilities are inadequate to its needs, and this should encourage American shipbuilding."

Foreign governments pay annually, says the Marine Journal, $26,000,000 in bounties and subsidies to their respective shipowners. And the fact that the United States pays $200,000,000 a year to foreigners to carry our over-sea trade is evidence enough that this $26,000,000 paid in bounties and subsidies is the best investment these foreign governments could possibly make.

Citrus-fruit Shipments.

There were shipped from Southern California points on Monday three carloads of lemons and two of oranges, making for the season, November 1, to date, twenty-six carloads of lemons and seven of oranges.

LOCAL PRODUCE MARKETS.

LOS ANGELES MARKETS.

There were no changes in provisions yesterday. The market is steady to firm.

There is some demand for nuts and raisins with the trade for holiday purposes.

The butter market is steady at quoted prices.

Eggs are firm, both ranch and eastern. Sales of ranch are made above quotations when large, white eggs are selected for special trade.

California cheese is steady. Eastern is firm.

Beans are firm. Small whites are very scarce.

Live poultry was slow yesterday. Wild ducks, doves and plover are slow owing to the warm weather. Quail is in demand and receipts are very light. Prices are firm.

Lamons are in good demand at quoted prices. Owing to the unusual warm weather east, as in this State, the demand from that point is exceedingly good for this time of year. Thirty cars have gone east since November 1. There are several cars of new highly-colored oranges that will be gathered and shipped east for the Thanksgiving-day trade. Three or four cars of Valencia lates will also be sent for the same purpose.

Apples, bananas and cranberries are active at steady prices. Berries are very dear.

Potatoes are firm at quoted prices. Onions are very firm and scarce. Cabbage is steady.

SAN BERNARDINO COUNTY.

"MARSHALL DAY" PROGRAMME.

SAN BERNARDINO Nov. 6.—[Regular Correspondence.] At a meeting of the San Bernardino Bar Association held yesterday afternoon, the committee recently appointed to report a programme for the observance of "John Marshall day," February 4, 1901, submitted its report, which was unanimously adopted. It provides for the framing of appropriate resolutions, briefly referring to the career of Chief Justice Marshall, and the holding of a banquet. By unanimous request, the new rule recently adopted, at the request of the association, of calling the calendars in the Superior Courts at 11 a.m. instead of 10 a.m., was abrogated. Hereafter the calendars will be called at 10 o'clock, as formerly.

SAN BERNARDINO BREVITIES.

William M. Godfrey died Sunday evening as the result of injuries received about ten days ago, from a fall from the roof of his barn. He was a native of New York, and was 75 years of age. The widow, three daughters and five sons survive him. The funeral was held yesterday afternoon from the family residence on Fourth street.

State Treasurer Truman Reeves and Mrs. Reeves arrived from Sacramento Sunday, and today Mr. Reeves cast his vote for four years more of prosperity.

WEATHER AND CROPS.

The warmest weather of either the past summer or the fall, so far, occurred the latter part of the past week, accompanied by extremely drying land winds, except in the extreme north section of Southern California, according to the Weekly Crop Bulletin of the Weather Bureau, U. S. Department of Agriculture for Southern California. In those sections, there has been considerable rain this season and feed is plentiful and plowing is in general progress. Elsewhere the hot, dry weather prevents farm work and besides, necessitates irrigation. There is a large demand for water, which keeps up well in localities. The weather was very favorable for the early orange crop, which is coloring fast in some of the interior sections, and will furnish a number of cars for Thanksgiving shipping. Small fruits and vegetables were adversely affected by the hot, dry weather, which had a scalding effect. The weather was favorable for curing raisins; the second crop was much benefited, and the entire yield will be saved.

Chinese Who Could Use a Gun. Tombstone Mines' Outlook. After Fugitives.

TUCSON (Ariz.) Oct. 31.—[Regular Correspondence.] Saturday night Sam Chung, a Tombstone Chinese restaurant keeper, engaged in a pistol duel with a well-known cattleman, Stephen Ruff, and proved that a Celestial may practice the arts of the wite man till he becomes even better than the Caucasian at his own game. Ruff is dead. The Chinaman fired three shots. Two of them went through the lower part of Ruff's body and the third passed through the heart. Ruff fired twice and managed to shoot the Chinaman through the left lung, inflicting a wound from which the Chinaman will recover. The coroner's jury decided that Chung acted only in self-defense. The evidence showed that Ruff, who was in debt to the Chinaman, had been refused further credit, so had primed himself with liquor, armed himself with a repeating rifle and revolver and had returned to wipe out the insult and the insulter. He asked for a meal and was denied. Then the shooting began. Ruff at one time was foreman for the great Erie Cattle Company. He was considered a dangerous man when in his cups.

At Bisbee, Ed. Murphy, a miner, committed suicide in his bed. He had been drinking and was delirious. His wife had hidden away every weapon she could find in the house, but Murphy in some way secured a large revolver and shot himself through the head.

CRIMINAL CASES.

Florence Gaxiola, the fifteen-year-old boy who robbed the Nogales postoffice of $5000 in Mexican silver, has been sent to the reform school of the State of Colorado, by order of the United States Court. His age saved him from a term in the penitentiary.

R. E. Brown of the Fairbanks train-robber gang was fortunate enough to be tried in the United States Court. He was given ten years in Yuma. In the Territorial Court the only penalty would have been death. The Owings brothers, who turned State's evidence in the same case, were let off with four years each.

J. Clarence Brown is missing and his bail of $1000, furnished by local citizens, has been paid into court. Brown was arrested for forgery, in signing the name of his partner to checks on Los Angeles, but is believed to have made away with the man, who was a returned Klondike miner.

Benigno Sanchez, convicted in the United States Court of counterfeiting and sentenced to three years in Yuma, with an additional fine of $500, is at large, through his own efforts and the aid of a little file. With him went several other county prisoners, but all the others were captured within a few hours. The Sheriff is having the border closely watched and is sanguine of bagging the fugitive.

NEWS OF THE MINES.

There is a possibility that the abandoned Tombstone mines may again be worked. As has been told in The Times, the properties were closed through the flooding of the lower workings consequent on the burning of the main pumping plant. The decline in silver had nothing to do with it, as the white metal then sold for $1.03 an ounce. It is now proposed to form a strong corporation that shall acquire title to all the old mines and that shall then install immense pumping works on the lowest of the mines. There is a plenty of ore below the water, ore that runs well in gold as well as silver, that could be profitably treated by modern methods. At the head of the company, if formed, will be E. B. Gage, president of the Congress Gold Company and of the Phoenix National Bank, and Frank M. Murphy, president of the Santa Fé, Prescott and Phoenix Railway.

The Ray Copper Works at Kelvin, Pinal county, are still closed. The gas engines that have been experimented with have been found unsatisfactory and are to be replaced with steam power. The management advertised for miners a couple of weeks ago, but was unable to put them to work when they applied.

A gasoline engine has been installed at the Mammoth mine, north of Tucson, to run an additional twenty stamps. The original mill of fifty stamps is run by steam power. The only difficulty known at the mine is the procurement of sufficient water for the mill.

ARIZONA BREVITIES.

The remains of Col. J. B. Lacy, who died lately in Los Angeles, were interred in this city. The funeral was conducted by the Elks. The dead pioneer banker left an estate of about $100,000, much of it in cash and bonds, deposited in the Consolidated National Bank of Tucson. The entire estate, without reservation, goes to a little maiden, 10 years old, the daughter of Read home for years and became much attached to the little daughter.

William R. Stone of Florence died October 20 at Stockton, Cal., of heart disease. He was appointed District-Attorney of Pinal county in January, 1899, and filled the post till the state of his health forbade further activity. He was 50 years old and leaves wife and children.

C. J. Berry, the Klondike magnate, has puchased a ranch near Selma, Cal., and is stocking it with Arizona cattle. Mr. Berry was a late visitor to Tucson, and, through Frank M. King, purchased several herds of stock cattle and a few trainloads of steers, for delivery in California during the first two weeks of November.

Los Angeles incorporators have organized under the laws of Arizona the Standard Reduction Company and the Helene Copper Company. The former has a capital stock of $5,000,000, and the latter $2,000,000.

The corner-stone of the Carnegie library will be laid by the Grand Lodge of Masons, November 11. The library commission has already received $10,000 of the $25,000 donated by Mr. Carnegie.

Aristocracy—Its Beginning.

[Walter Vrooman, in Success:] A few determined men and women have shaped the character of each generation, turning the stream of human advancement to the right or to the left, as their irrepressible vigor surged toward a noble or an ideal. The decaying aristocracy of Europe, the petrified castes of India, the plethoric higher social strata of China—all are made up of the descendants of small bands of such vigorous and purposeful conquerors, who, in the years gone by, as poor boys in their wild outdoor homes, determined to do and to be. There is not an aristocracy in Europe or Asia but is made up of the descendants of a small group of bold spirits who, under the most unfavorable conditions, once started a Success Club.

A Severe Schooling.

[Cleveland Plain Dealer:] "That newly rich Billison carves beautifully."

"Yes, he learned how to do that when they lived in a Harlem flat and he had to make one chicken go round with nine in the family."

NEWS AND BUSINESS.

Stolen Finery.

William Murphy was arrested on suspicion yesterday by Officers Lennon and Richards, for having in his possession a fine crocheted Spanish shawl and a knitted petticoat, supposed to have been stolen from some woman. Murphy was trying to sell the finery on Alameda street.

Times Special.

A Times special train leaves this morning at 5 o'clock for a tour of the Kite-shaped track, to spread the news of McKinley's election, with the famous Times siren whistle on the locomotive and two cannon aboard, besides the big bundles of The Times regular edition. The people of Southern California will hear of the Republican victory without getting out of bed.

Daly Had a Fit.

Peter Daly, a cook, had an epileptic fit yesterday and was sent to the Receiving Hospital. His mind appeared to be a blank after the fit wore off, and he could not remember his name or give any account of himself whatever. He was accordingly sent to the County Hospital as an insane suspect, but in a few hours he recovered his senses and at last accounts was reported doing well.

Demented Woman.

Mrs. S. V. English, an elderly woman living near University, went into the Belleville lodging-house on South Main street, Monday night, and began to disrobe on the stairs. An officer sent her to the Central Station on suspicion of insanity. While in the women's ward of the City Jail she developed violent symptoms, and was sent to the County Hospital yesterday morning, pending examination as to her sanity by the Superior Court.

Choked a Newsboy.

William Cheesbro, while apparently under the influence of liquor yesterday, choked a newsboy on Fourth street. The conductor of a passing Pasadena electric car who witnessed the assault on the lad, jumped off his car and compelled the assailant to desist. The gallant conductor then called Officer Marden, who placed Cheesbro under arrest for disturbing the peace. The prisoner was released on depositing $25 bail for his appearance in the Police Court today.

Charity's Needlework.

The annual reception of the Los Angeles branch of the Needlework Guild of America was held yesterday afternoon at Kramer's Hall, South Grand avenue. The local branch is doing a great work, distributing garments through the Associated Charities, the Salvation Army, Newsboys' Home, Orphans' asylums and other charitable institutions. Last year the number of garments was nearly 2000. Yesterday afternoon's reception was largely attended.

Police Did Extra Duty.

The police were required to do extra duty yesterday, on account of the election, yet there was little for them to do. There were practically two watches on duty throughout the day, and a reserve squad was held at the station to respond to emergency calls. The night watch remained on till noon, the morning watch continued at work through the afternoon, and the afternoon watch stayed out till midnight. The election was conducted in an orderly manner throughout the city, and there was but little drunkenness or disorderly conduct anywhere. It seemed like a holiday at police headquarters.

A Gigantic Sale of Kid Gloves

Never in the history of this store or the history of the Pacific Coast has such a gigantic glove transaction been consummated. Never have so many thousands of pairs of kid gloves been exchanged for so many thousands of dollars. It is an achievement which does credit to the Hamburger buying method. It proves the efficiency of a method which encircles the globe. It is known to all glove merchants that this store imports more pairs of gloves and more dollars' worth than any other retail store on the Pacific Coast. That is why a New York importer came to us for help when he most needed it. He knew that we could handle his stock, that we could sell it quickly, and that we are always looking for the right kind of goods at the right prices.

We Bought Thousands of Pairs at Half Price

If you will read through the items on this page, you will recognize the names of many celebrated makes. You will see that the prices are half. Some are as little as a third, others are reduced to two-thirds. The average is about half. Of course, in buying as we did, we could not select the colors, and some lines are not sorted as we would sort them. For instance, there are only a few colors in some lines while there are plenty of colors in others. The sizes are so varied that everyone can be fitted. Every size from the smallest to the largest can be had, but possibly some of the most wanted sizes may sell out quickly, and after the first day is over, you may be disappointed in getting 6½ in certain lots.

The High Grades of These Gloves Are Noticeable

In reading the details which follow, you cannot help noticing that the gloves are of good quality and high grade. The best bargains are among the higher priced goods. This is a splendid opportunity to secure gloves for Christmas gifts. Among other splendid bargains you will find—

$1.50 Gloves for 50c

A phenomenal value for those who are partial to white Suede finished kid gloves. These particular ones sell regularly at $1.50 a pair, the finest quality of white Suede. They are finished with four large pearl buttons and one row embroidery. These gloves are hand sewed and are the finest and best that can be purchased for the price. While they last take them for 50c a pair.

$1.50 Gloves for 89

"Ascot" gloves are well known in Los Angeles. They sell regularly at $1.50 a pair. We have never sold them, but we know them to be excellent gloves, as good as any to be had at $1.50 a pair. They are made of the finest French kid skin and come in black, white and all colors, clasps and pretty embroidery. One of the biggest bargains this glove sale at 89c a pair.

$1.25 Gloves for 65c

Throughout the entire East the "Crown" and the "Sovereign" brands of kid gloves are well known, and it is also known that their regular prices are $1.00 and $1.25 respectively. We secured several hundred pairs in white and tan only. They have two clasps and pretty embroidered backs. We will warrant every pair just as faithfully as though we were selling them at full price. They will be on sale while they last at 65c a pair.

$2.00 Gloves for 95c

There are two qualities of gloves in this lot, but there is little difference in them. The "Ascot" gloves sell regularly at $1.50 and "Monarche" at $2.00. They are full piqua gloves and every glove will be warranted. You will find the name on the clasp. They come in the popular shades of tan and green. Probably no better wearing gloves were ever put on the market and they are as handsome as they are good. They will create a sensation at 95c a pair.

$1.50 Gloves for 75c

The celebrated Marcella Suede gloves are made of a very fine kid skin by one of the greatest glove makers in Grenoble, France. Some stores sell them at $1.50, other stores get $1.75 for them. They are finished with the new one row embroidery and come in white only. Sorry that we couldn't get colors in these gloves, but we had to take them as we found them. Of course you will never expect to get them again at 75c a pair.

85c Gloves for 39c

Along with all the kid glove bargains mentioned we offer some splendid values in eight-button French Chamois gloves. We will warrant every pair. These gloves sell regularly at 85c a pair, and they are of splendid wearing quality. The quantity is limited and we advise early buying if you want to get your size. On sale while they last at 39c a pair.

$1.50 Gloves for 98c

These are "Ascot" in Suede finish. They come in black, tan, mode and beaver. They are well sewed and lock stitched. They are considered by glove experts to be the best wearing Suede glove on the market. The quality is the best and the colorings are perfect. Handsome, perfect fitting and warranted gloves for 98c a pair.
